B. Location of child at the time of death or near fatality (city/county):

Washoe County

C. A summary of the report of abuse or neglect and a factual description of the contents of the report:

The mom gave birth to the baby at home. She was not aware that she was pregnant and did not receive any prenatal care. The baby was brought to the hospital by REMSA and was in full cardiac arrest upon arrival. He also still had his umbilical cord and placenta attached. Life saving measures were attempted, however the baby's airway and mouth "were completely full of meconium". There is question whether the baby was breathing due to this fact.

D. The date of birth and gender of child:

09/10/2020; Male

E. The date that the child suffered the fatality or near fatality:

09/10/2020

F. The cause of the fatality or near fatality, if such information has been determined:

Cause of death complications of acute necrotizing chorioamnionitis and funisitis

G. Whether the agency had any contact with the child or a member of the child's family or household before the fatality or near fatality and, if so...

- (2) Whether the agency which provides child welfare services provided any child welfare services to the child or to a member of the child's family or household before or at the time of the fatality or near fatality;

- (4) Whether the agency which provides child welfare services took any other actions concerning the welfare of the child before or at the time of the fatality or near fatality; and

There is one prior report that was unsubstantiated from 2016 for neglect failure to protect a non-related child in another jurisdiction.

The information contained in this section is limited to contact(s) with the child who is the subject of this disclosure or a member of that child's family or household that is related to the fatality or near fatality incident. This limitation is required to preserve the confidentiality of all child abuse and neglect reports and records in order to protect the rights of the child and family as mandated by the Child Abuse Prevention and Treatment Act (CAPTA), as amended (42 U.S.C. 5101 et seq.).
