FOSTER HOMES

Licensing and Organization

NAC 424.100 Purpose of licensing. ([NRS 424.020](#)) The purpose for licensing foster homes is to ensure that children who are in need of substitute care are able to live in an environment which supports their physical, mental and emotional development and to protect children from abuse, neglect, exploitation or other mistreatment. The licensing process determines whether the foster home is safe for children and whether staff can provide suitable care for children.

[Welfare Div., Req. for Foster Care § 101.1, 10-7-88, eff. 1-1-89] — (NAC A by Div. of Child & Fam. Services by R110-13, 6-23-2014)

424.105 The licensing of a foster home by the licensing authority does not obligate the agency which provides child welfare services to support the foster home financially nor obligate the agency which provides child welfare services to place any certain number of children in the foster home. The licensing of a foster home means only that the licensing authority has evaluated the family, [physical plant] home, property and services, and has determined that the foster home is in compliance with licensing requirements.

NAC 424.110 Application for license. ([NRS 424.020](#), [424.045](#))

1. Any person or agency who wishes to operate a foster home must contact the appropriate licensing authority representative for an application and return the completed application to the licensing authority.

2. When a person or agency applies for a license, the application must include information on the person or agency applying for the license, the director and the staff, as applicable.

3. The director or licensee of the foster home is responsible for interviewing each prospective member of the staff and submitting a copy of each employment application and resume to the licensing authority upon request.

4. Intentional misrepresentation or omission of information on a foster home application is cause for the immediate denial of the application or revocation of the license. Such a denial or revocation is not subject to appeal.

[Welfare Div., Req. for Foster Care § 103.1, 10-7-88, eff. 1-1-89] — (NAC A by Div. of Child & Fam. Services by R066-99, 11-8-99; R044-02, 7-23-2002; R110-13, 6-23-2014)

NAC 424.115 Withdrawal of application; reapplication. ([NRS 424.020](#)) An applicant may withdraw the application for a license at any time. The request to withdraw should be made or confirmed in writing. Reapplication for a license after a withdrawal may be made at any time without penalty.

[Welfare Div., Req. for Foster Care part § 103.3, 10-7-88, eff. 1-1-89]

NAC 424.120 Investigation of applicant; visits by licensing authority representative; reports. ([NRS 424.020](#), [424.040](#))

1. A licensing authority representative shall conduct a fair and impartial investigation of each foster home after receipt of an application for the licensing of the home, and shall investigate the home to determine whether the licensing requirements are met and the maximum capacity and range of ages of children for which the home may be licensed. The licensing authority representative shall gather direct and collateral data to complete the licensing study. A licensing authority representative may visit the foster home at any time, announced or unannounced, to determine compliance with licensing requirements and must be available for consultation as appropriate. The licensing authority representative shall visit each foster home at least once annually. That visit may be conducted as part of the initial issuance of a license and annually thereafter.

2. The director or licensee of each foster home shall submit such reports as the agency which provides child welfare services requires.

[Welfare Div., Req. for Foster Care part § 103.2, 10-7-88, eff. 1-1-89] — (NAC A by Div. of Child & Fam. Services, 11-14-97; R044-02, 7-23-2002; R110-13, 6-23-2014)

The licensing authority may inspect the premises where the violation is alleged to occur and conduct such other investigations as are indicated. A foster care agency shall participate in such an inspection to the extent requested by the licensing authority.

2. If it is found that a person is operating a foster home without a license, the licensing authority may either issue a license if the person is found to be in compliance with licensing requirements or may refer the matter to the legal counsel of the agency which provides child welfare services for appropriate action. If it is found that a licensed foster home is not conforming to the requirements for foster home care, the licensing authority may, depending on the circumstances:

Pursuant to NRS 424.045, the Administrator or the designee of the Administrator shall review the suspension within 30 days after the receipt of the request.

4. When a license to operate a foster home is suspended or revoked, the foster children in the foster home must be removed from the foster home by the agency or other person who placed the child in the foster home within the period determined by the licensing authority.
