Additional Information and Instructions

Complete this checklist document to ensure all required documents are included.

E-mail to NVICPC@dcsf.nv.gov

Electronic Files: Nevada is a paperless state. All referrals are scanned and then forwarded electronically to the receiving party when at all possible. You will be copied in an e-mail when the referral has been sent to the receiving state. Please note the due date on the attached transmittal; this is the due date for your request.

Incomplete Packets: **Incomplete packets will be held for 5 business days from that date of notification of missing documents. If the requested documents are not received within that time frame the referral will be returned in its entirety unprocessed.**

Special Guidelines:

Foster Home Placements:

- If you want your placement resource to get paid, you must request a foster home study.
- If your relative placement resource is outside the fifth level of consanguinity you must request a foster home study; this includes fictive kin.

Expedited Home Studies (Reg. 7)

- The request must be for a **relative home study**, not foster or adoptive, and the child may not be already placed in the receiving state in violation of ICPC.
- **The child must be in an emergency shelter OR be four years of age or younger OR have a substantial relationship with the proposed placement resource OR experienced an unexpected dependency.**
- You must have a judge signed court orders specific to the Reg.7

Relocation of Family Units (Reg. 1)

- 100A and all accompanying information shall clearly state that a relocation of a family unit is involved and supervision needs to start within the 30 days of placement. Family must be residing in the new state; include a 100B as the child(ren) are already placed.

Regulation No. 6 (.Permission to Place Child: Time Limitations, Re-application)

1. Permission to place a child given pursuant to Article III (d) of the Interstate Compact on the Placement of Children shall be valid and sufficient to authorize the making of the placement identified in the written document ICPC-100A, by which the permission is given for a period of six (6) months commencing on the date when the receiving state compact administrator or his duly authorized representative signs the aforesaid ICPC-100A.
2. If the placement authorized to be made is not made within the six (6) months allowed therein, the sending agency may reapply. Upon such reapplication, the receiving state may require the updating of documents submitted on the previous application, but shall not require a new home study unless the laws of the receiving state provide that the previously submitted home study is too old to be currently valid.
3. If a foster care license, institutional license or other license, permit or certificate held by the proposed placement recipient is still valid and in force, or if the proposed placement recipient continues to hold an appropriate license, permit or certificate, the receiving state shall not require that a new license, permit or certificate be obtained in order to qualify the proposed placement recipient to receive the child in placement.
4. Upon reapplication by the sending agency, the receiving state shall determine whether the needs or conditions of the child have changed since it initially authorized the placement to be made. The receiving state may deny the placement if it finds that the proposed placement is contrary to the interests of the child.
