

Angel- 2014
Savannah- 2017
Shannah- 2015

Meet Angel, Savannah, and Shannah! Angel is the oldest, and is currently in Pre-K and looks forward to seeing her schoolmates and teacher every day. These three sisters are described as each being social, happy, and bonded with each other. Shannah is the middle child, and enjoys being helpful and shares well with her siblings. She's a creative girl who enjoys coloring, drawing, and dancing! Savannah, the baby of the three, is moving quickly and loves to run everywhere she goes. Watch her try to do everything her sisters do! Angel loves sweets, but tries to avoid her vegetables. She gets along well with children younger and older than her, and with her peers in school. All three love to relax and watch television together after Angel gets home from school. They are bonded and would love to stay together!

For more information about these three, or the adoption process, please contact the DCFS Adoption Recruiter at timothy.provost@dcfs.nv.gov.
