

## MEET ARRICK!

**February 2004**

Arrick has a real talent for creating and building! He loves to tinker around and take things apart and rebuild them. His current goal is to restore a go-Kart! He has stated that he desires a father figure who he can learn how to work on cars with. Arrick is full of energy and he enjoys playing all sports, but mostly baseball and softball. He also has his favorite sports teams he enjoys watching on T.V. and cheering on. Arrick has a great sense of humor and a smile that will brighten the room!
