Aubree is a beautiful young lady with leadership qualities. She enjoys helping adults and children. She has a bright and shiny disposition and is ready to take on any task. She loves the color pink, loves her baby dolls, and will eat just about anything you cook for her.

Avery is an active little guy. He looks up to his sister and likes to follow her around. However, he loves his solo time to explore and learn new things. He is brave, daring, and loves to climb! It looks like rock climbing could be in his future!

John is a go-getter. He is friendly and cuddly with everyone he meets. John is flexible, easy going, and rolls with the changes. He is a toddler who loves toys, playing with others, and getting attention.

Alex is a sweet baby who isn't so much a baby anymore! He loves cuddles, being held, practicing his walking and learning to talk. He is a joy to be around.
