

Clifford – 2005

Jason – 2006

Clifford loves learning about Greek Mythology. Maybe because he is a hero in disguise! He is creative and smart and a great big brother to Jason. Even though Jason is the younger brother, he has great capacity to lead others. He enjoys the Wii and can build some awesome Lego creations! Clifford and Jason have many similar interests and enjoy playing board games, video games, and reading. However, they do differ on one thing-Clifford loves basketball and Jason loves baseball! Both boys have enjoyed Boy Scouts in the past. Clifford would love to participate in band at school. Both boys do well with the extra support they receive in school to help them achieve success.

The boys would like a permanent family that makes them feel like they are home. They hope for a family that is open to taking them to church and has household pets!

For more information about Clifford and Jason, or the adoption process, please contact the DCFS Adoption Recruiter at josterhout@dcsf.nv.gov.
