

Hailey 2005
Bryawna 2008
Payton 2013

These siblings have three times the love to share with their forever family!

Big sister Hailey has a kind and sweet disposition. She is very nurturing towards her little sister and brother and loves them very much. Hailey is a smart girl and when she applies herself she does well in school. Hailey is also very creative – she enjoys gymnastics, doing crafts, writing stories, and sewing. Hailey can be quiet and shy upon getting to know her but given some time to warm up she has a great personality and is super funny. Hailey has a love for animals especially dogs. She makes friends easily and has positive relationships with peers and adults.

The middle sister is Bryawna, who also goes by Bry. Just like the spelling of her name, she is a unique little girl. Bry has a bold personality and says it like it is – while she can be shy at times, she typically is friendly and outgoing. Bry has a lot of energy and does best when busy. She enjoys dancing, riding bikes, playing outside, swimming, and playing with her dolls. She recently started martial arts and really enjoys it. Bry has the ability to do well in school but sometimes needs a little extra motivation.

Little brother Payton is an active toddler with lots of energy. Being outside where he can run around and play in the dirt is what makes this little guy happy. He likes riding bikes, kicking around a ball, and playing in the water. Payton is smarter than your average 2 year old and his language skills are also advanced. Starting preschool has been really beneficial for Payton – not only does it keep him busy but he also has been able to work on his social skills and peer relationships.
