

Johnny – 2003

Meet Johnny! Jonny is a growing teenager who is friendly, and very outgoing. He tells you how he feels, and ensures you understand where he is coming from. Johnny has a younger sibling he would like to maintain contact with, but wants to find his own home and space as he grows into being a young adult. Johnny does well in school. He enjoys school as well as his FAA and ROTC classes. He enjoys having his freedom to do his own thing after school. He would love to find parents who care for him, about him, and want to mentor him as he grows up. Johnny has come out as gay, and is continuing to grow in his identity. His parents need to be understanding and aware of the LGBTQ community. He loves going to Dutch Bros, hanging out with his friends, and wants to be able to sit at the dinner table at night and talk about his family's day. Johnny can't wait to find the home that accepts him and loves him. He is excited to find a home that can teach him new things, new crafts, and allows him to have his own animal ("preferably a dog").

For more information about Johnny, or the adoption process, please contact the DCFS Adoption Recruiter at timothy.provost@dcsf.nv.gov.
