

Julius
September 2003

Meet Julius!

He is kind, empathetic and happy. He has a cute smile and is easy to talk with. Julius loves to do outdoor activities, build things out of Legos, and play musical instruments. His current passion is robotics, and he would love to go to a robotics summer camp! Julius is very creative, he taught himself how to play the piano by watching YouTube videos! Julius loved being a Boy Scout, and wishes he could be one again! Like most teens, he enjoys listening to music and playing video games. Julius is smart, but his caseworker states that he retains information at a slower pace than others. Julius is anxious to be adopted, the right family for Julius would be structured and patient.
