

Julius
September 2003

Meet Julius!

Violin and piano are among Julius' favorite musical instruments. He recently picked back up his love for violin and is taking violin lessons. Can you believe it, he taught himself how to play the piano by watching YouTube videos! As you can see, Julius is creative and musically inclined. He also very much enjoys the STEM program at school and likes robotics. Julius is kind, empathetic, and happy. He has a great sense of humor and likes making others laugh. Julius loves outdoor activities. He enjoyed being a Boy Scout and wishes he could be one again. Like a lot of teens, in his free time he likes to listen to music and play video games.

Julius is a great young man who needs a permanent family to guide him to adulthood.
