

Meet Kenyen!

DOB: June 2010

Take a moment to read up on Kenyen! He gets excited whenever he is playing soccer and riding his bike. He also is a big fan of drawing. When Kenyen wants some relaxation time; playing video games and watching movies while curled up on the couch are sure to put him at ease. Kenyen would do best in a family with a mom and a dad in which he is the youngest child in the home.
