

Nathan – 2002

Brandon – 2003

Landon – 2005

Nathan, Brandon, and Landon are social, outgoing boys with a lot of charisma. Their sibling bond is strong and they are very close. They enjoy football, baseball, basketball, bikes, scooters, skateboarding, and off-road sports. As you can see, these boys are very energetic and love being outdoors! Nathan is the oldest and loves conversation. He rarely runs out of stuff to talk about. Brandon can be very independent. Landon is a natural born leader and he loves to try new things. All three boys have potential to go far and accomplish whatever they put their minds to. The boys have regular communication with their younger siblings, an older brother, and other extended family. They need a family that supports that ongoing connection.

Nathan, Brandon, and Landon look forward to staying together and having a family that is active!
