

Meet Vanessa and Aaleah!

Vanessa – 2006

Aaleah- 2003

Legally Free

Vanessa is a country girl at heart! She is most happy when she can ride and care for horses. Vanessa's ideal family would live in a rural area and would encourage her interest in equine sports and rodeo events such as barrel racing. She enjoys attending her church youth group and gets along well with her peers. Vanessa desires to be adopted and would love to be part of a family!

Aaleah is a city girl who knows what she wants. She couldn't be more opposite of her sister Vanessa! Aaleah plans on attending beauty school after high school and prefers living in the "big city" where she can utilize opportunities sometimes not available in a rural setting. Aaleah's ideal family would be rural enough for her sister to have animals, but urban enough to have a Starbucks and trade schools.

Are you a horse loving family who lives close to an urban city, then you just might be that family for these two sisters!
