

**Wesley**  
**DOB: February 2009**

Wesley likes to be called Trey. Wesley is liked by his teachers and is doing well in school. He is described as a sweet boy who is the quiet type. He likes playing with Legos and Hot Wheels, playing video games, playing with his Pokémon cards and loves all sports, especially baseball and basketball. Wesley is active and busy and loves to be outside doing anything the outdoors has to offer. He is intelligent and resourceful and loves helping out at home. Wesley is very close to his older sisters and will need to remain in contact with them. Wesley does best when he is the only child or the youngest child in the family and would thrive in a two-parent household with a positive male role model.
