CCDFS has the following prior history for this child and her family:

3/24/2018 – A report was received alleging neglect. Based upon the factual circumstances surrounding the report, along with the family leaving Nevada jurisdiction, the report and investigation were canceled. CCDFS made a cross report relating to the matter to the appropriate authority in the family's new jurisdiction.

4/15/2019 – A report was received alleging neglect. The child and other relevant family members were taken into protective custody. On 4/25/2019, a Protective Custody Review Hearing was held whereby the court released them into the care of the non-offending parent. Allegations in the report were substantiated. Appropriate referrals and services were provided to the family. The family was also provided with information on community services, and the case closed.

CCDFS has concluded its investigation and family assessment. Information related to community resources and appropriate referrals were provided to the family based upon assessment. No further CPS intervention has been deemed necessary and the case is closed.
