B. Location of child at the time of death or near fatality (city/county):

Las Vegas, Clark

C. A summary of the report of abuse or neglect and a factual description of the contents of the report:

CCDFS received a report that the child had been taken to her pediatrician on 11/18/2019, and after examination, the child was sent to a local hospital emergency room for further evaluation. Upon medical assessment by hospital physicians, the child was determined to be in serious condition and that her medical condition required a higher level of care than her adult caregivers could provide. A referral was provided, and the adult caregivers agreed to take the child to a specialized hospital for treatment.

On 11/22/2019, it was found that the child had still not been taken to the referred specialized hospital. The adult caretakers were contacted by phone, wherein they advised the medical provider they would be treating the child themselves at home.

D. The date of birth and gender of child:

12/6/2006, Female

E. The date that the child suffered the fatality or near fatality:

No maltreatment was found to be a factor in this near fatality incident.

The information contained in this section is limited to contact(s) with the child who is the subject of this disclosure or a member of that child's family or household that is related to the fatality or near fatality incident. This limitation is required to preserve the confidentiality of all child abuse and neglect reports and records in order to protect the rights of the child and family as mandated by the Child Abuse Prevention and Treatment Act (CAPTA), as amended (42 U.S.C. 5101 et seq.).

CCDFS has no prior CPS history for this child or member of the child's family or household.
