Notice of Funding Opportunity

Children’s Justice Act

Federal Fiscal Year 2019 Award for State Fiscal Year 2021

NOTE: This document is available online at http://dcfs.nv.gov/Programs/GMU/GMU/
Opportunity Summary

Summary

The Children’s Justice Act (CJA) provides grants to States to improve the investigation, prosecution, and judicial handling of cases of child abuse and neglect, particularly child sexual abuse and exploitation, in a manner that limits additional trauma to the child victim. CJA grantees are responsible for implementing the requirements of the CJA grant program to reform state processes for responding to child abuse and neglect.

This Notice of Funding Opportunity (NOFO) is for competitive applications to be funded through the CJA Federal Fiscal Year 2019 award for State Fiscal Year (SFY) 2021. This NOFO implements a funding process that combines application review with grant allocation and is administered by the Division of Child and Family Services (DCFS) and the Division’s internal Grants Management Unit (GMU). Applications will be reviewed and awarded by the CJA Task Force.

**Total Funding Amount: $100,000.00:** Funding will be distributed to support one or multiple projects which further the goals of the CJA. The CJA Task Force has discretion to restrict amounts awarded based on available funds and the number of applications received. There is no guarantee that any application will be approved or receive funding.

The CJA Task Force has identified specific goals for the triennial reporting period of 2018-2021. These goals were refined and revised with technical assistance and approval from the Children’s Bureau. Review of progress on these goals are reviewed at quarterly meetings and projects funded by CJA should further these goals.

**Goal 1:** Provide child protection workers and stakeholders “front end” specialty, discipline specific and advanced training. Training should be prioritized, but not limited to, training requirements of CARA and JVTA Program Improvement Plans, child protection model assessments, ICWA, sexual abuse, reduce trauma for victims, domestic violence, forensic interviewing, trauma-informed practices and training needs identified in collaboration with Court Improvement Program.

**Goal 2:** Support the implementation of the Commercially Sexually Exploited Child (CSEC) Model Coordinated Response Protocol and provide training and support for the formation of Multidisciplinary Teams (MDT) and Task Forces.

**Goal 3:** Support the establishment of new Children’s Advocacy Centers (CACs) or other multidisciplinary team approaches and improve the capacity of existing CAC’s to provide a multidisciplinary response for victims of child sex abuse and exploitation, physical abuse and child victims with disabilities. Activities may include the development of a strategic action plan for project implementation, identification of rural health care providers, investigation of funding opportunities for infrastructure and operating costs, and the use of telehealth and telemedicine statewide.

**Goal 4:** Fund technology requests to improve the investigation, assessment and prosecution of child abuse and neglect through use of latest technology and to support use of new and existing training technologies.
Goal 5: Identify new or needed changes to policy, regulation and/or legislation to meet requirements of federal program improvements plans and other federal and state initiatives. Support training and policy needs related to new or revised policy, regulation and legislation.

Funding Guidelines

Examples of Types of Activities Supported by CJA Grant Funds Include:

- Regional collaborations to enhance capacity and resource sharing;
- Regional and local multidisciplinary trainings;
- Development of resources, tools or technical assistance to address a specific regional or community need that will improve the investigation and/or prosecution of child abuse and neglect cases.

Activities Supported Will Result In:

- Enhanced community stakeholder collaborations around proactive planning and resource development to meet the needs of child victims and their supportive caregivers;
- Improved investigations and prosecutions of cases of child abuse and neglect;
- Trauma-informed systems;
- Improved community-wide, coordinated, planned response to cases of child abuse and neglect.

Please Note:

CJA funds are to be primarily focused on the front-end, intake, assessment, investigative, and prosecutorial phases of child welfare. CJA Funds must not be used for prevention programs or treatment services. Projects selected by the Task Force should be mindful that funds must be spent to support efforts at the intake and investigative phase of child welfare.

Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. The Task Force reserves the right to consider a preference to fund projects aimed at serving emerging, unserved, or underserved populations, and to consider the geographic distributions of CJA funds or distinctive project elements in its funding decisions. CJA grants are not intended to be used as a source of ongoing, continuous funding. Funding will not be made available for the ordinary, routine operation of any organization or programs. Applications will be scored, ranked by score, funded in whole or in part, based on scoring of applications until funds are exhausted.
Program Requirements

Applicant Eligibility

1. The assessment and investigation of suspected child abuse and neglect cases, including cases of suspected child sexual abuse and exploitation, in a manner that limits additional trauma to the child and the child’s family;
2. The assessment and investigation of cases of suspected child abuse-related fatalities and suspected child neglect-related fatalities;
3. The investigation and prosecution of cases of child abuse and neglect, including child sexual abuse and exploitation; and

**Application Review**

The CJA Task Force will review and evaluate each application, see Appendix C: Scoring Matrix. The evaluation of applications received in response to this NOFO will be conducted comprehensively, fairly and impartially. The CJA Task Force will use structural, quantitative scoring techniques to maximize the objectivity of the evaluation. The review process will consist of a technical review of the applicant’s information including the project and the budget (justification, cost effectiveness, project sustainability).

**Evaluation Process**

Applications received by the published deadline of **5:00 pm on April 1, 2020** will be processed as follows:

**STEP 1: Application Review Panel**

A. Each application will be evaluated for content and scored by the CJA Task Force.

B. As part of the review process, staff will identify strengths and weaknesses and may recommend, as a condition of funding the project, that
   - Specific revisions are made to the budget or Scope of Work, or
   - Special conditions are placed on the award (e.g., certain fiscal controls, more stringent performance requirements, or more frequent reviews).

C. The review panel will identify specific line item areas for revision if funding limitations result in a reduction of an overall proposed budget. In the event budget reductions are necessary, an equitable formula based on application ranking and scores will be developed and applied in an impartial manner.

D. The CJA Task Force will submit review panel recommendations to the Administrator of DCFS or designee for final approval.
STEP 2: Final Decisions

Final funding decisions will be made by the DCFS Administrator or designee based on the following factors:

- Review panel scores;
- Geographic distribution of the proposed grant awards;
- Conflicts or redundancy with other funded programs, or potential for supplanting existing funds.

Funding decisions made by the DCFS Administrator or designee are final. There is no appeals process.

Notification and Award Process

Successful applicants will be notified of their application status with a Letter of Intent after funding decisions have been made in June 2020.

GMU staff will conduct negotiations with applicants regarding the recommendation for funding to address any specific issues identified by the CJA Task Force. All related issues must be resolved before a grant will be awarded. These issues may include, but are not limited to:

- Revisions to the project budget;
- Revisions to the Scope of Work; and/or
- Enactment of Special Conditions (e.g., fiscal controls, performance requirements or frequency of reviews).

Upon successful conclusion of negotiations, GMU staff will complete a written grant agreement in the form of a Notice of Subaward (NOSA). The NOSA documents and Grant Instructions and Requirements (GiRs) will be distributed to the subrecipient upon approval of the subaward, see Appendix D: Notice of Subaward.

Post Award Requirements

Monthly Financial Status and Request for Funds Report

DCFS requires the use of a standardized Excel spreadsheet reimbursement request form that self-populates certain financial information. This form must be used for all reimbursement requests. Monthly reports are required even if no reimbursement is requested for a month. The monthly reports are due on the 15th of the month for the previous month. GMU staff will provide instructions and technical assistance upon the grant award.

Per Code of Federal Regulations 2 C.F.R. § 200.430, charges made to Federal awards for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization.

- Charges must be supported by a system of internal controls that provides reasonable assurance that the charges are accurate, allowable and properly allocated.
- Documentation for charges must be incorporated into the official records of the organization.
- Support must reasonably reflect the total activity for which the employee is compensated by the organization and cover both federally funded and all other activities. The records may include the use of subsidiary records as defined in the organization’s written policies.
- Where grant recipients work on multiple grant programs or cost activities, documentation must support a reasonable allocation or distribution of costs among specific activities or cost objectives.
- Examples of items that may support salaries and wages include timesheets, time and effort reports, or activity reports that have been certified by the employee and approved by a supervisor with firsthand
knowledge of the work performed. Payroll records will need to reflect either after the fact distribution of actual activities or certifications of employee’s actual work performed.

**Subrecipient Monitoring**

Successful applicants must participate in subrecipient monitoring. Subrecipient monitoring is intended to provide ongoing technical support to subrecipients and to gather information reportable by DCFS to federal or state agencies. To facilitate the review process, materials referred to in the review documents should be gathered prior to the review. The subrecipient’s primary contact person and appropriate staff should make themselves available to answer questions and assist the reviewer(s) throughout the process. For non-governmental agencies, at least one board member must also be available during the exit discussion. The subrecipient monitoring reports or action items to be addressed will be sent to the agency within 30 working days following the conclusion of the subrecipient monitoring.

**Performance Reports**

Subrecipients must complete performance reports on a quarterly basis and submit them as instructed by DCFS. Quarterly reports are due by the 15th of the month following the end of the quarter. Successful applicants will report the type of services provided, demographic information for individuals served and progress towards meeting Scope of Work commitments. DCFS will provide a data reporting workbook for subrecipients to document performance progress and outcomes. Subrecipients will be required to provide source documentation that corresponds to the data reported.

**Compliance with Changes to Federal and State Laws**

As federal and state laws change and affect either the DCFS GMU process or the requirements of subrecipients, successful applicants will be required to respond to and adhere to all new regulations and requirements.

**Civil Rights Compliance**

Recipients of federal financial assistance (FFA) from HHS must administer their programs in compliance with federal civil rights law. This means that recipients of HHS funds must ensure equal access to their programs without regard to a person’s race, color, national origin, disability, age and, in some circumstances, sex and religion. This includes ensuring your programs are accessible to persons with limited English proficiency.

**APPENDIX A: BUDGET NARRATIVE INSTRUCTIONS**

**Budget Narrative Instructions**

All applications must include a detailed project budget for the one-year funding cycle. The budget needs to accurately represent the funds necessary to carry out the proposed Scope of Work and to achieve the projected outcomes for the award funding period.

*Note: If the proposed project does not receive the full amount requested, the GMU will work with the applicant to modify the budget, the Scope of Work and the projected outcomes.*

Applicants must use the budget template form (Excel file) provided for downloading in the Budget Section of the online application and use the budget definitions provided in the “Categorized Budgets” section below to complete the narrative budget (spreadsheet tab labeled Budget Narrative). Complete a detailed budget for each line item. This spreadsheet contains formulas to automatically calculate totals and links to the budget summary spreadsheet (tab labeled Budget Summary) to automatically complete budget totals in Column B. **Do not override formulas.**

For all budget categories, provide total amount requested, item details, and line item justification.

**Personnel:**

Charges made for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization. See 2 C.F.R. § 200.430.

Identify employees who provide direct services. The following criterion is useful in distinguishing employees from contract staff.

<table>
<thead>
<tr>
<th>CONTRACTOR</th>
<th>EMPLOYEE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Delivers product</td>
<td>The applicant organization is responsible for product</td>
</tr>
<tr>
<td>Furnishes tools and/or equipment</td>
<td>The applicant organization furnishes work space &amp; tools</td>
</tr>
<tr>
<td>Determines means and methods</td>
<td>The applicant organization determines means and methods</td>
</tr>
</tbody>
</table>

In the narrative section, list each position and employee name, if known. Provide a breakdown of the wages or salary and the fringe benefit rate (e.g., health insurance, FICA, worker’s compensation). For example:

**Program Director:**

($28/hour x 2,080/year + 22% fringe) x 25% of time = $17,763

**Intake Specialist:**

($20/hour x 40 hours/week + 15% fringe) x 52 weeks = $47,840

Only those staff whose time can be traced directly back to the grant project should be included in this budget category, including those who spend only part of their time on grant activities.
Administrative/Executive Staff salaries that are not readily assignable to a particular project are not allowed.

**Travel/Training:** Travel costs must provide direct benefit to this project. Identify staff that will travel, the purpose, frequency, and projected costs. U.S. General Services Administration (GSA) rates for per Diem and lodging, and the state rate for mileage (currently $.58), should be used unless the organization's policies specify lower rates for these expenses. Local travel (i.e., within the program’s service area) should be listed separately from out-of-area travel. Out-of-state travel and nonstandard fares/rates require special justification. GSA rates can be found online at https://www.gsa.gov/portal/category/26429.

Identify and justify any training costs specifically associated with the project, including type of training, location, # of staff attending, benefit to subrecipient and Scope of Work implementation.

**Operating:** For agencies with multiple funding sources, costs must be consistently allocated as described in the organization’s cost allocation plan.

**Occupancy:** Detail costs associated with maintaining a facility including rent, utilities, basic maintenance, etc. Mortgage, construction, remodeling, and repairs to current structures are not allowed.

**Communications:** List the costs of telephones, fax, postage, etc.

**Supplies:** Describe the cost of all consumable items needed for the project such as office supplies, client supplies, etc. Generally, supplies do not need to be priced individually, but a list of typical program supplies is necessary.

**Other operating costs:** This could include insurance, dues, subscriptions, program costs, and costs not covered in the other categories. Only consumer/service delivery activities are reimbursable.

**Equipment:**

List and justify equipment to be purchased for this grant project (all non-consumable items). Equipment under $5,000 should be included under Operating Costs, Supplies. All equipment costing $5,000 and over must be listed separately and itemized. List any computer hardware to be purchased regardless of the cost. Equipment purchased for this project must be labeled, inventoried, and tracked and remains the property of the Division of Child and Family Services (DCFS). Equipment that does not directly facilitate the purpose of the project, as an integral component, is not allowed.

**Contractual/Consultant Services:**

Identify project workers who are not employees of the applicant organization. Any costs associated with these workers, such as travel or per diem, should also be identified in this budget category. Explain the need and/or purpose for the contractual/consultant service and justify these costs. Describe each consultant’s scope of work, list rate, hours, and cost. DCFS approval is required prior to the use of subcontractors. Written sub-agreements must be maintained and the applicant is responsible for administering sub-agreements in accordance with all requirements identified for grants administered under CJA. A copy of written agreements must be provided to GMU.

**Other Expenses:**

This category includes any relevant expenditure associated with the project not covered by the above. Wraparound funds are allowable for such items as rental assistance, transportation, utilities, children's clothing, etc. Programs requesting these funds must adhere to the following
requirements: 1) Maximum per family per year = $2,000; 2) Subgrantees must document that there was an attempt to access all other possible resources prior to use of wraparound funds; 3) Detailed documentation of where these funds were used is required.

Indirect Costs:

Indirect costs may be included in the budget and represent the expenses of doing business that are not readily identified with or allocable to a specific grant, contract, project function or activity, but are necessary for the general operation of the organization and the conduct of activities it performs. Indirect costs include but are not limited to: depreciation and use allowances, facility operation and maintenance, memberships, and general administrative expenses such as management/administration, accounting, payroll, legal and data processing expenses that cannot be traced directly back to the grant project.

Subrecipients without a negotiated indirect rate with their cognizant federal agency may use a 10% de minimis rate of “modified total direct costs” (MTDC). The de minimis rate is only an option for subrecipients that have never received an approved federally-negotiated indirect cost rate. The MTDC base includes all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards up to the first $25,000 of each subaward. MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of $25,000. 2 C.F.R. § 200.68

When the de minimis rate is used, costs must be consistently charged as either indirect or direct costs. Double-charging is not permitted. Transferring funds into or out of the indirect cost category is not allowable without prior approval and a budget modification is required.

Subrecipients that have a current federally-approved indirect cost rate with their federal cognizant agency for indirect costs may include the negotiated percentage rate in their budgets. A copy of the negotiated indirect agreement must be attached to the application.

Budget Summary Form 2

After completing Budget Narrative Form 1, turn to Budget Summary Form 2. Column B of Form 2 (“DCFS”) should automatically update with the category totals from Budget Narrative Form 1. Column B should reflect only the amount requested in this application.

Complete Columns C through G of the form for all other funding sources that are either secured or pending for this project (not for the organization as a whole). Use a separate column for each separate source, including in-kind, volunteer, or cash donations. Replace the words “Other Funding” in the cell(s) in Row 6 with the name of the funding source. Enter either “Secured” or “Pending” in the cell(s) in Row 7. If the funding is pending, note the estimated date of the funding decision in Section B below the table, along with any other explanation deemed important to include.

Enter the “Total Agency Budget” in Cell I-26 labeled for this purpose. This should include all funding available to the agency for all projects including the proposed project. Cell I-27 directly below, labeled “Percent of Total Budget,” will automatically calculate the percentage that the funding requested from the DCFS for the proposed project will represent.
