BIENNIAL REPORT TO THE LEGISLATURE ON PROGRAMS FOR ASSISTANCE TO VICTIMS OF DOMESTIC VIOLENCE

INTRODUCTION

The Division of Child and Family Services (DCFS) has responsibility under NRS 217 for funding and monitoring domestic violence programs effective March 1993, when DCFS assumed responsibility for granting funds from the Victims of Domestic Violence account, maintaining financial records, evaluating services provided and assuring compliance with NRS 217.400 through 217.460.

Administration of the Division Fund includes the following tasks:

- Coordinating the receipt and transfer of fees for marriage license collections with the Nevada State Treasurer's Office;
- Maintaining accounting and reporting system for receipts based on marriage license sales by county;
- Maintaining accounting and reporting system for disbursements based on monthly financial reports by funded program;
- Maintaining a statistical database on victim characteristics and services provided;
- Developing correct funding level for each county according to NRS 217.410;
- Coordinating the application process and award of funds according to NRS 217.440;
- Presenting funding recommendations to the DCFS Administrator and the Commission on Behavioral Health according to NRS 217.450;
- Preparing a biennial report to the Nevada State Legislature according to NRS 217.460;
- Periodic fiscal and programmatic subrecipient monitoring of all programs funded.

The Division of Child and Family Services has assigned the following staff positions to provide support for this program:

- Administrative Officer IV- Maintains data on victims served, determines funding levels as per revenue, coordinates proposal process, presents funding recommendations to the DCFS Administrator and to the Commission on Behavioral Health, monitors progress on performance indicators and reports to DCFS Administrator, coordinates fiscal monitoring and promotes high standards of practice.
- Social Services Program Specialist III- Oversees program monitoring and compliance. Assists in application process and provides technical assistance to funded agencies as needed or requested.
- Grants and Projects Analyst II- Assists in report preparation, application process, conducts/participates in annual subrecipient monitoring of funded agencies, prepares programmatic and fiscal review reports of subrecipient monitoring and provides technical assistance to funded agencies as needed or requested.
- Administrative Assistant II- Handles daily correspondence, assists in report preparation, processes intake for requests for funds reimbursements.

PROPOSAL PROCESS

DCFS currently uses a three-year funding cycle, with funding contingent upon available revenue. Prior to the release of the announcement regarding the availability of funding DCFS staff determine anticipated revenues for the next fiscal year by reviewing historical revenue trends. As per NRS, appropriate allocations are determined for each county. A formal three-year proposal request process is initiated that includes contact with all current service providers and interested groups. Representatives from all current service providers and interested groups are encouraged to participate in pre-application workshops that provide an overview of the funding process, required annual subrecipient monitoring, and gathering and reporting of required statistical information. The Request for Proposals (RFP) is made available through the DCFS website in an electronic format, as well as in hard copy through the DCFS Grants Management Unit. Each applicant is asked to provide information on their organization's history and to provide evidence of policies governing confidentiality, non-profit status, presence of local financial support and victim membership on the organization's Board of Directors.

DCFS staff review all proposals and make funding recommendations to the DCFS Administrator. Finally, an award letter is sent to service providers and funding commences July 1st. Although awards are three-year awards, funding is reviewed annually.

Starting in state fiscal year 2019, DCFS will use the application process outlined in NRS 217.445. Grant applications must be received by April 1st with notifications within 45 days of the application deadline. DCFS will continue to use the required formula to determine funding distribution.

Funding will be dependent upon receipts from the prior fiscal year that ended immediately prior to the April 1st application deadline to ensure the intent of NRS 217 is followed.

PERFORMANCE INDICATORS

All organizations provide shelter for clients either through maintain a shelter or providing motel rooms in lieu of shelter services. In some instances, victims are provided transportation to another area shelter.

In addition to the services indicated above, most programs provide transportation, food and basic need items as well as assistance with childcare. Programs also make numerous referrals to other human service programs on behalf of victims.

The following tables summarizes SFY 2016 and 2017 Performance Indicators:

Indicator	SFY 2016	SFY 2017
Number of clients provided with shelter	2,673	2,803
First time contacts	66,466	51,481
Bed Nights Provided	53,555	63,545
Children Served	25,928	17,978
Adults Served	77,827	74,735
Total number of clients served	103,755	92,713

SERVICE PROVIDERS

Sixteen (16) agencies were funded during both State Fiscal Year 2016 and State Fiscal Year 2017 to provide services in sixteen (16) counties. None of the applications were to provide services in Lincoln County.

Three counties had multiple agencies provide services and three agencies provided services to multiple counties. In cases where a program provides coverage in multiple counties, they receive the fiscal allocation for all counties served.
