

SPECIALIZED MEDICAID ROOM AND BOARD SUMMARY
STATE FISCAL YEAR 2014
July 1, 2013- June 30, 2014

Specialized Medicaid Room and Board funding provides each local jurisdiction the ability to pay for per diem services for youth placed in a Medicaid approved facility. Additionally, local jurisdictions' have the flexibility to use this funding to provide community based programming to youth who are at risk for state correctional care. Each jurisdiction must report on the following elements (if applicable):

- Gender
- Age
- Ethnicity
- Placing County or Agency
- Number of prior placements
- Type of prior placements
- Current service that funding provides
- Average length of stay
- Number of re-offenses while in program
- Successful or non- successful completion
- Substance abuse diagnosis
- Mental health diagnosis

Items marked with N/A identifies those areas that are not applicable for specified youth

Storey County

Storey County currently does not have any youth who would access Medicaid Room and Board. Instead, Positive Youth Programming is provided to high risk youth in both the Virginia City and Lockwood area. This programming provides tutoring, volunteering opportunities and substance abuse prevention. This year they have added an extension to their before/after school and summer programs. This new program is geared to middle school and high school students. They incorporate prevention programs in many of their activities and projects. Youth who are involved in this program learn how to make smart decisions about drugs, alcohol and other risky behaviors. They are also provided with the opportunity to participate in leadership/service projects to better their community. After completing the prevention programs the youth will act as peer mentors for elementary students in Storey County.
