Action Items In-progress/Pending:

Statutory Deadline is July 1, 2018

- Discussion regarding where to begin and the parameters of the committee's authority.
- Discussion regarding overlap with JJOC and Data Performance and Measurement Committee. The committee believed that they needed the definition of recidivism to proceed with that area of the Plan. Committee discussed how they can address the many issues that have been discussed over several years such as "regionalization". Based on this discussion, the committee felt that it needs more direction from JJOC to understand their focus.
- Discussion regarding the use of a facilitator to help guide the conversation and help the committee define the areas needed in the plan.
