1. PROJECT OVERVIEW

The State of Nevada Purchasing Division is seeking proposals from qualified vendors to develop and sustain an evidence based resource center for evidence based services in the juvenile justice section for the Department of Health and Human Resources, Division of Child and Family Services (DCFS).

Nevada recently passed Assembly Bill (AB) 472 which requires the state to create an evidenced based resource center. An evidence based resource center is a center to serve as a resource the State of Nevada, County agency staff, and the treatment provider community which will assist in implementing evidence based programs and services.

Evidence Based shall be understood as an approach to prevention or treatment that has been scientifically proven to work. Better outcomes are associated with evidence-based programs and include improved public safety due to reduced rates of re-arrest; improved family functioning and school performance; reduced rates of out-of-home placements of youth; fewer days in more costly and restrictive facilities; higher retention rates of participants with fewer program dropouts; decreased drug use and symptoms of mental illness; and cost effectiveness when compared to other interventions. Evidence-based programs also increase both provider and system accountability by directly linking services to treatment outcomes.

The Division of Child and Family Services shall administer the contract resulting from this RFP. The resulting contract shall be for an initial term of six (6) months, anticipated to begin January 9, 2018 subject to Board of Examiners approval.

1.1 GOALS AND OBJECTIVES

The goals and objectives of this solicitation are as follows; Section 10 of AB 472 requires the selected organization to:

- 1.1.1 Provide technical assistance to the Division of Child and Family Services, each regional department of juvenile services, and treatment providers to support the implementation and operation of evidence based programs and practices; and
- 1.1.2 Provide all services as listed in the *Scope of Work, Section 2*, below.

2. SCOPE OF WORK

- 2.1.1.1 There is no requirement where the resource center is located.
 - 2.1.1.2 The resource center may be virtual with the approval of the using agency.
 - 2.1.1.3 The money allocated to this project is for startup costs.
 - 2.1.1.4 The awarded vendor is expected to secure other funding to assist in maintaining this resource center going forward. The state will assist in this venture as needed by applying for grants.
- 2.1.2 The vendor will be given the entire lump sum within six (6) months and the expectation of that sum includes the following:
- 2.1.2.1 The vendor will:
 - A. Provide technical assistance to the Division of Child and Family Services, each regional department of juvenile services, and treatment providers to support the implementation and operation of evidence based programs and practices;
 - B. Provide various types of training to persons employed in the juvenile justice system;
 - C. Provide training in evidence based programs and practices;
 - D. Provide training in the analysis of quality assurance protocols to ensure such programs meet the evidence based standards;
 - E. Act as a resource clearing house on evidence based programs and practices;
 - F. Facilitate collaboration among state and local agencies and treatment providers who serve the juvenile justice system; and
 - G. Provide support for the assessment of the implementation of evidence based standards by such state and local agencies.
 - H. Develop and maintain a communication strategy in order to be accessible to the Division of Child and Family Services, each regional department of juvenile services, and treatment providers.
