BUDGET REQUEST AND JUSTIFICATION

IV-B RFP Excel Budget Workbook

The Detailed Budget Report for each of the four service categories of the first year funding cycle (which will also provide a total program cost), the Program Revenue Report, and the Personnel Funding Table templates are all included in the **IV-B RFP Excel Budget Workbook**. A separate budget will need to be provided for each service category as outlined in the packet. On the Detailed Budget for each service category budget tab, enter personnel and staff's full annual salary. In the next column, enter the percentage of effort that the staff member will be working on the activities in the proposed grant per service category. This will automatically calculate the salary that is being requested from the grant. In the next column include fringe benefits. If there are no fringe benefits being applied to this grant, enter \$0. In the match column enter the dollar amount that will be applied towards the match requirement. If no match is to be applied, enter \$0.

A match of 25% of Total Program Costs is required. Match is calculated by requested amount divided by .75 equals Total Program Cost, times by .25 = Match. **Example: \$100,000 requested divided by .75 times .25 equals \$33,333.33 match.** Match does not have to be by category, but in total. The required Match amounts may exceed the Federal formula amount in order to provide the Match necessary to administer the grant by DCFS. In order to be considered for Title IV-B, Subpart II funding the agency must be able to meet the required Match. Match reported by the sub grantee must also be necessary and reasonable for accomplishment of the project or program objectives and an integral part of the approved project or program. See Federal Super Circular Sec. 75.306 for further details on what is considered allowable Match.

Below the Personnel Section of the budget form list the expenses and show calculations (how you arrived at the dollar amount). Under "Grant Funds Requested", show the amount of funds being requested to support the proposed project. In the next column, show the amount of all other funds to be used for the project (match, in-kind, cash). The "Total Program Budget" column will automatically calculate with the total funds being requested for each service category. Match of 25% of Total Program Costs is required and will calculate separately on the bottom of the spreadsheet entitled "Total Match". Please do this for each service category to which you are applying, all included in the IV-B RFP Excel Budget Workbook. The "Total Budget Form" will automatically calculate all service categories of funding requested and required match. Please include a separate narrative justification for all expenses.

Use the following instructions as a guide for describing each category of expense:

A. PERSONNEL: Positions to be funded, total annual salaries of each, percentage of time the person will work on the project and the total fringe. Payroll Taxes and Fringe Benefits: Rate for each position multiplied by each salaried person. Subtotal for personnel costs will calculate automatically in the last column of the spreadsheet entitled "Total Program Budget".

B. CONTRACTUAL SERVICES: List all independent contractors and consultants. Describe each consultant's scope of work, list rate, hours, and cost. DCFS approval is required prior to the use of subcontractors. Subtotal all contractual services costs.

C. EQUIPMENT: This includes all equipment purchased by the grant (all non-consumable items.) Equipment under \$5,000 should be included under Operating Costs, Supplies. All equipment costing \$5,000 and over must be listed separately and itemized. An inventory must be kept for all equipment purchased and must be provided to DCFS. All equipment purchased with Title IV-B, Subpart II funds must be marked as IVB-2 property and remains the property of the Division of Child and Family Services (DCFS). A clear audit trail must be maintained through accounting records that show the source of funds. Subtotal all equipment costs.

D. OPERATING COSTS:

1. *Occupancy*: Detail all costs associated with maintaining a facility including rent, utilities, basic maintenance, repairs, etc. Example: IV-B funds may be used to buy paint if your organization provides the labor. Mortgage, construction, remodeling, and repairs to current structures are not allowed.
2. *Communications*: This includes the costs of telephones, fax, postage, etc.
3. *Supplies*: This includes the cost of all consumable items needed for the project such as office supplies, client supplies, etc.
4. *Other (operating costs)*: This could include insurance, dues, conference fees, subscriptions, program costs, and costs not covered in the other categories. Only consumer/service delivery activities are reimbursable. Does not include Indirect Cost.

E. TRAVEL: Detail all costs showing rates or allowances for transportation, lodging, food and any other allowable travel associated costs. Travel costs cannot exceed the GSA federal rates. Current statewide rates are available on the GSA website: <http://www.gsa.gov>

F. INDIRECT COSTS: Indirect costs are those that have been incurred for common or joint purposes and benefit more than one cost objective that is not easily assigned to a specific Federal award. Applicants may request an indirect cost rate of up to 10% with DCFS by completing the Indirect Cost Rate Proposal tab in the IVB-2 RFP Excel Budget Workbook. Indirect Cost Rate Proposals exceeding 10% must be submitted to the Federal awarding agency. Federal Indirect Cost Rate Proposal instructions can be found in 2 CFR Part 225.

If the applying agency already has a federally approved Indirect Cost Rate they must provide their Certificate of Indirect Cost Rate with their RFP application. To be eligible for reimbursement of indirect costs the Federal Certificate of Indirect Cost Rate or the completed Indirect Cost Rate Proposal tab of the IVB-2 Excel Budget Workbook must be included in the RFP application. Furthermore, the indirect cost rate may not be renegotiated during the grant award period. Applicants awarded an indirect cost rate must calculate and request indirect costs based on the allowable direct expenses listed in each Request for Funds. Quarterly or annual requests for indirect costs are not allowed. Any item included in an approved indirect cost rate cannot be charged as a direct cost.

G. OTHER EXPENSES: This category includes everything not covered by the above. Note: Federal law prohibits the provision of food, liquor, or employee moral as a reimbursable item.

Wraparound funds are allowable for such items as rental assistance, transportation, utilities, children's clothing, etc. Programs requesting these funds must adhere to the following

requirements: 1) Maximum per family per year = \$2,000; 2) Grantees must document that there was an attempt to access all other possible resources prior to use of wraparound funds; 3) Detailed documentation of funds where these services were used. Add all subtotals to show the grand total for the proposed project.

Fiscal Reporting Instructions

When submitting monthly Request for Funds (RFF) to the Grants Management Unit (GMU), it's **required** to include the signed Monthly Financial Status and Request for Funds Report, Microsoft Excel Workbook, Breakdown of Expenditures, and Match breakdown to FundsRequest@dcfs.nv.gov by the 15th of each month. All other supporting documents such as receipts, statements, and time-sheets should be kept on file for review during the annual on-site review. If RFF's are not submitted by the 15th of each month the designated Grants & Project Analyst (GPA), James Thorne must be contacted.

The Breakdown of Expenditures and Match included with the monthly RFF must be clear, accurate, allowable, and equal to the amounts requested in their respective categories. If upon review the GPA assigned to the grant/sub grant determines that it's not clear, correct, and/or complete, the GPA will contact the sub grantee for clarification or to inform them of any corrections required.

When submitting the RFF, please only send to FundsRequest@dcfs.nv.gov. Do not send to the assigned GPA. Failure to submit all components will result in a delay of your reimbursement. Please see below an example of a monthly RFF, Breakdown of Expenditures, and two Match examples. To ensure accuracy and completeness all items numbered on the monthly RFF must be complete. For questions please contact the designated GPA. Thank you.

Following are instructions, which correspond to the numbers indicated on the attached sample worksheet, for the lines that require input:

1. Indicate whether this a final report for the grant by marking an "X" next to Yes or No.
2. Indicate whether this is an amended report for the period by marking an "X" next to Yes or No.
3. Enter your name as the preparer of the report even if you are not signing the report.
4. Enter the current month's expenses for each of the budgeted categories. Please note that reimbursement may only be requested for expenditures within approved budget categories. Key in WHOLE dollar amounts only, DO NOT enter cents. If the total for a category is \$100.50 round up to \$101, otherwise round down to the next whole dollar amount.
5. Enter the amount of advance funds you are currently requesting. Please remember that any advance of funds requires prior approval.
6. Enter the amount of the current month's expenses that are to be applied to a previous advance, if any. For example, if you had received a \$5,000 advance and your current month's expenses are \$10,000, you can enter 0 here, thereby requesting reimbursement for the full \$10,000 or enter an amount to be applied to the advance, which would reduce the current month's draw request by that amount. Please remember that all advanced funds must be expended in accordance with your grant agreement prior to the end of the budget period.

9. The form should be printed, signed and dated by an authorized person.

The electronic version of the request must be emailed to DCFS at FundsRequest@dcfs.nv.gov by the 15th of the month for the previous month.

If you receive a payment from DCFS in excess of your reported expenses or you receive a duplicate payment, please notify James Thorne at 775-684-4426.

The bottom section of the Request for Funds Report is for the state's use. Do not complete this section.

DCFS staff will review the forms. If any corrections are required, DCFS staff will contact you to make the necessary changes and ask you to resubmit the form. Due to DCFS' Internal Control policies, reimbursements cannot be processed until an identical electronic form and signed original is received and verified.

BASIC ACCOUNTING REQUIREMENTS (ATTACHMENT A)

Accounting for grant funds will be in accordance with generally accepted accounting principles, insofar as practicable, consistently applied, regardless of the source of funds. The Division of Child and Family Services reserves the right, however, to prescribe the method of accountability in any particular case.

SUPPORTING RECORDS OF GRANT EXPENDITURES MUST BE IN SUFFICIENT DETAIL TO SHOW THE EXACT NATURE OF EXPENDITURES. WHERE COSTS APPLY TO TWO OR MORE PROJECTS, SUCH COSTS WILL BE PRORATED TO EACH GRANT.

1. Establish a system of FUND ACCOUNTING approved by the Division of Child and Family Services or establish a separate bank account for each grant award.
2. Establish a filing system by State grant identification number. For example:
 - A. One folder for each grant's transactions should suffice where transactions are few.
 - B. Where transactions are many, originate a folder for each cost category described in the grant.
3. Spend only within categories allocated in the grant award.
4. Expenditures accumulated prior to the beginning date of the grant cannot be paid from grant money.
5. Obligations incurred during the grant period may be paid from grant funds after the ending date. All such obligations must be liquidated within 45 days after the end of the project period. Any obligations made after the ending date of the grant cannot be paid from grant money.
6. Any changes to the amounts, periods, and other terms and conditions listed in the notice of grant award must be requested and approved in writing.
7. Budget Category changes: All changes greater than 10% in any category must be approved in writing in advance by the granting agency.
8. Board of Directors for the project should establish a written travel policy prior to the start of the grant. Approval of this policy should be available for audit review. Travel reimbursement is limited to State rates.

NAME/TITLE: Diane Comeaux, Administrator Division of Child & Family Services
REFERENCES: 45 CFR §§ 160 and 164
ATTACHMENTS: Business Associate Addendum (BAA) Confidentiality Agreement (CA)

A. Purpose

The purpose of this policy is to implement the requirements of the final Health Insurance Portability and Accountability Act (HIPAA) privacy and security rule outlined 45 CFR §§ 160 and 164. The regulations require a covered entity to have a written contract or other arrangement documenting satisfactory assurance that a business associate will appropriately safeguard client protected health information.

The Division of Child and Family Services (DCFS) has business activities that include both covered and non-covered functions as defined by HIPAA. Therefore, DCFS is a hybrid entity.

As a hybrid entity, DCFS is required to designate the health care components covered under HIPAA. The designated health care components are the functions performed by the Northern and Southern Nevada Child and Adolescent Services.

B. Intent

The intent of this policy is to provide the procedures and forms for DCFS to determine what type of contracts or other agreements require a Business Associate Addendum (BAA) and/or a Confidentiality Agreement (CA).

C. Definitions

Business Associate:

A business associate is a person or organization that performs functions on behalf of a covered entity or provides services to a covered entity that *involve* the use or disclosure of client protected health information.

A member of the DCFS workforce is not a business associate. A business associate may be another covered entity.

A contract with an outside provider to furnish client assessments, such as, a licensed psychologist, would be considered a business associate.

Non-Business Associate:

A non-business associate is a person or organization that performs certain functions or activities that *do not involve* the use or disclosure of client protected health information, and where any access to client protected health information by such persons would be *incidental*, if at all.

An example of a non-business associate would be an individual or organization contracted to provide building maintenance or janitorial services.

Protected Health Information (PHI) and Electronic Protected Health Information (ePHI):

Protected health information is any information, whether oral or recorded in any form or media, that:

- A covered entity creates or receives;
- Relates to the past, present or future physical or mental health or condition of an individual, the provision of health care to an individual, or the payment of health care to an individual;
- Identifies the client or there is reasonable basis to believe that the information could be used to identify the individual; and
- Is ePHI if transmitted by electronic media, maintained in any media described as electronic media, or transmitted or maintained in any other form or media.

D. Procedures for Contracts, Sub-Grants and Inter-local Agreements

DCFS may disclose protected health information to a business associate and/or organization and may allow a business associate and/or organization to create or receive protected health information on its behalf. However, DCFS must ensure that proper safeguards are in place.

Certain contractors may be considered part of the DCFS covered component's workforce, if the following criteria apply:

1. The workstation of the individual under contract is on the covered health care component's premises; and
2. The person performs a substantial proportion of his/her activities at this location.

Contractors, meeting the definition of a workforce member, do not require a business associate addendum.

DCFS will obtain satisfactory assurances that the contracts or other arrangements between DCFS and its business associates comply with the procedures described herein.

1. DCFS will identify existing contracts or other arrangements with individuals or organizations that meet the definition of a business associate.
2. DCFS will obtain satisfactory assurances that contracts or other arrangements with individuals or organizations, meeting the definition of a business associate, will include the BAA.
3. DCFS, upon learning that a pattern of activity or practice of an individual or organization constitutes a material breach or violation of the BAA obligation under the contract or other arrangement, will take

reasonable steps to cure the breach or end the violation, as applicable. If such steps are unsuccessful, DCFS will:

- a. Terminate the contract or arrangement, if feasible; or
- b. Report the problem to the Department of Health and Human Services if termination is not feasible.

DCFS will obtain satisfactory assurances that inter-local agreements with *other government agencies* include a CA. DCFS, upon learning that a pattern of activity or practice by an individual or organization constitutes a violation of the CA under the inter-local agreement, will take reasonable steps to cure the breach or end the violation, as applicable.

Unless bound by Federal regulations or State statutes that are more restrictive, covered and non-covered programs administered by DCFS will follow this policy to safeguard individually identifiable health information, as applicable.

The Business Associate Addendum attached to this policy fulfills all the requirements specified by HIPAA privacy and security standards with regard to business associate relationships. The Confidentiality Agreement promotes the exercise and practice of due diligence in protecting the client personal information that may be made available to other government entities.

E. Guideline for Identification

This guideline identifies when to use a BAA, CA, or when standard document language is recommended.

Inter-local Agreements: An inter-local agreement is an arrangement between government agencies. Although these arrangements are not required to have a BAA, HIPAA regulations recommend a form of understanding be utilized to protect the covered entity. Therefore, the Confidentiality Agreement (CA) should be attached to all inter-local agreements.

Independent Contracts: These contracts must be reviewed based on covered and non-covered components.

Covered Components:

All contracts must have a BAA attached where services *directly involve* the use or disclosure of client protected health information.

All contracts for services *not directly involving* client protected health information do not require a BAA. The State independent contract template, which has been approved by the Attorney General's Office, provides the requirements for confidentiality.

Non-covered Components:

For contracted services having *direct access* to client protected health information, it is *recommended* the contract have a BAA attached. For the non-covered components within DCFS, these contracts normally will be with individuals or organizations providing direct services, such as, a licensed psychologist, who is providing assessments for child welfare services.

Contractors who *do not require access* to client protected health information do not require a BAA. The State contract template provides the confidentiality requirements. An example of this type of contract would be a contract providing lawn service for a juvenile justice office.

Provider Agreements: All provider agreements for covered or non-covered components of DCFS are recommended to have a BAA.

Leases: Lease agreements for covered or non-covered components are not required to have a BAA.

Sub grants: Sub grants requiring access to PHI must have the BAA as an attachment to the award notification. The sub grants not requiring access to PHI do not require a BAA. The sub grant specifications and requirements provide the conditions for confidentiality.

Record Retention for any contract or other agreement for a covered or non-covered health care component having a BAA attached must have a record retention period of a minimum of six (6) years.

F. Business and Non-Business Associate Tracking

DCFS designated staff will maintain a log to track the business and non-business associate contracts, grants/sub grants, inter-local agreements and other arrangements. The log will be provided to the DCFS HIPAA Privacy and Security Officer as necessary to review compliance.

CERTIFICATION # 5

Certification Regarding Equal Treatment for Faith-Based Organizations

A final rule of the Department of Health and Human Services (DHHS) went into effect on August 16, 2004, which created, among other things, a new Part 87 Equal Treatment for Faith-Based Organizations, and revised the Department's uniform administrative requirements at 45 CFR Parts 74, 92 and 96 to incorporate the requirements of Part 87.

The Administration of Children and Families (ACF) is committed to providing State Administrators, State Grant Managers and subsequently sub-grantees with the most accurate and concise information to help guide program activities. This regulation addresses several key Equal Treatment issues that require full compliance by Federally-funded State Programs, sub-grantees, grantees and contractors.

Issues include:

- Nondiscrimination against religions organizations;
- Ability of religious organizations to maintain their religious character, including the use of space in their facilities, without removing religious art, icons, scriptures, or other religious symbols;
- Prohibition against the use of Federal funds to finance inherently religious activities, except where Federal funds are provided to religious organizations as a result of a genuine and independent private choice of a beneficiary or through other indirect funding mechanisms, such as certificates or vouchers; and
- Application of State or local government laws to religious organizations.

NOTE: Neither the Department (DHHS) nor any State or local government and other intermediate organizations receiving funds under any Department (DHHS) program shall, in the selection of service providers, discriminate for or against an organization on the basis of the organization's religious character or affiliation.

It is imperative that State sub grantees, grantees and contractors policies reflect the Equal Treatment Regulations. The full text of the final rule may be accessed via the Internet at <http://www.hhs.gov/fbci/regs.html>

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 45 CFR Part 87, Equal Treatment for Faith-Based Organizations as revised in the Department's uniform Administrative requirements identified above. Any organization that fails to file the required certification shall be subject to disqualification of their application.
