For Family Centered Practice**

**PIP Item 2.2.1**

- **Child welfare agencies in Nevada believe families are the primary providers for children's needs. The safety and well-being of children is dependent upon the safety and well-being of all family members. Children, youth and families are best served when staff actively listens to them and invite participation in decision making. We support full implementation of family centered practice by engaging families in child and family teams and offering individualized services to build upon strengths and meet the identified needs of the family.**
