Magellan FEDERAL

Improving the lives of those that serve

- ✓ 1.5M federal lives
- ✓ 140+ year legacy of service
- **✓** 250+ worldwide locations
- ✓ 2,600 employees

Children's services overview

In partnership with state, county and other governmental agencies across the country, Magellan manages innovative programs that serve the broad spectrum of BH needs for more than 500,000 children.

Louisiana

- 74% improvement in youth clinical functioning

Wyoming

- 95% of youth served remain in their homes
- √ 75% savings to care for youth in the program vs. inpatient care

 √ 75% savings to care

 ✓ 75% savings to c
- ✓ 4.8 out of 5 overall program satisfaction

Virginia

Family support coordinators have helped decrease residential stays by an average of 61 days per child.

Pennsylvania

- 91.7% decrease in crisis services utilization
- ✓ 63% decrease in inpatient admissions

Florida

Magellan helped
46% of children
living in vulnerable
situations receive a
non-residential level
of care
recommendation,
which safeguarded
dependent children
from unnecessary
restrictive levels of
care.

Empowering Families

Magellan awarded Nevada program

The new contract will enhance and expand access to community-based services and supports for children and youth, and their families, with complex BH needs who are at risk for out-of-home placement.

The Nevada Division of Children and Family
Services CME will build on the state's successes in implementing a system of care for this population.

Through the CME, Magellan will coordinate with providers, organizations across the state, and youth and families to provide services based on assessed need, regardless of insurance type.

Children and youth with no health insurance may also receive services.

Who we will serve

The new CME will provide or coordinate services for children and youth, aged 3 through 20, who have behavioral health needs and are:

Medicaid enrolled/eligible or under-/un-insured and:

- At risk of out-of-home placement or
- Placed in a residential treatment facility or inpatient setting or
- Involved in multiple child serving systems

At risk of custody relinquishment in a state agency or institution

Services we will provide

Through a youth guided and family driven, strengths-based approach that is coordinated across child-serving agencies and providers, we will provide access to:

High Fidelity Wraparound and other care coordination services

Home- and communitybased treatment

Emergency and planned respite

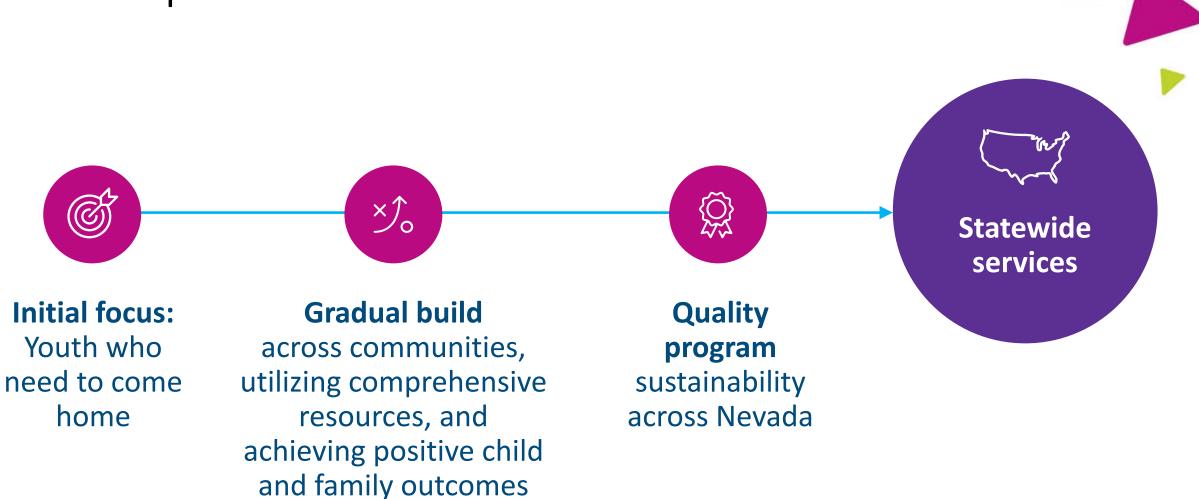

Family and youth peer support

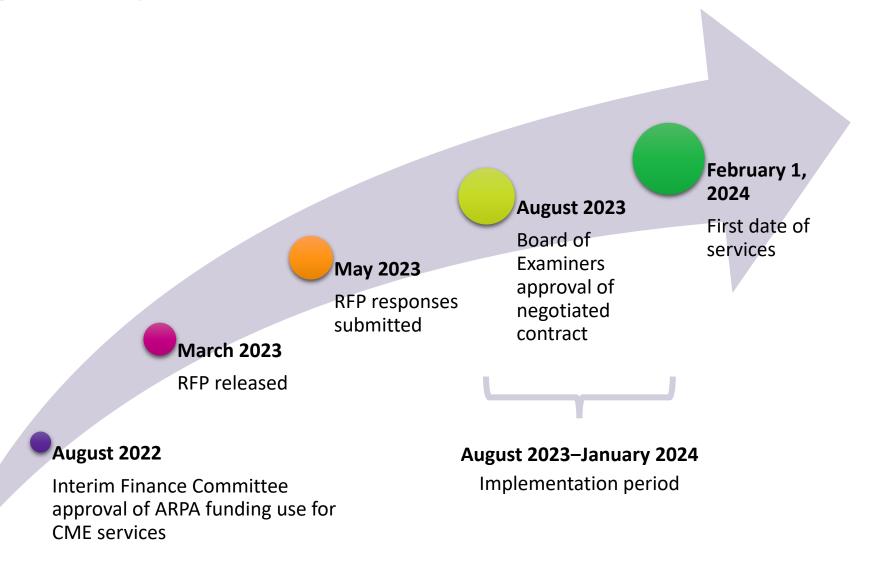

General implementation timeline

Full program implementation timeline

How we will implement the culturally relevant principles of HFW

- ✓ In partnership with the state and WIN program:
 - Magellan will provide HFW services
 - Magellan will contract with individuals and provider agencies that can or will offer:
 - Home and community-based therapies
 - Family peer support through Nevada PEP
 - Youth peer support
 - Respite (planned and emergency)

- ✓ Magellan will partner with as many interested child-serving parties as possible:
 - Agencies
 - Community service entities
 - School programs
 - Tribes
 - Other community members invested in supporting children and families

Formal relationships with MCOs and other payors to coordinate care across systems
