0516.5 Procedures

0516.5.1 Overturning Child Maltreatment Findings:

There are three main reasons to overturn a finding from substantiated to unsubstantiated in the UNITY (Central Registry) system:

- Overturn a substantiated finding due to an agency appeal decision.
- Overturn a substantiated-finding based on a Judicial decision.
- Overturn a substantiated finding in UNITY due to a data entry error.

A. Overturn a Finding Due to an Agency Appeal

1. The child welfare designee assigned to hear the appeal must have the authority to overturn the finding, must document the decision and the rational for that decision in the Investigation Appeal window, CFS026.
2. Upon completion of the appeal process, the following actions will be taken by the agency which provides child welfare services:
 - Within five (5) days of rendering an appeal decision, the designee who heard the appeal will ensure that the case file documentation is completed to justify overturning the finding. A staff member designated by the child welfare agency or upper level manager, will overturn the finding in UNITY and subsequently in the Central Registry and enter a case note that the approved change has occurred, noting where to find the documentation for the rational for the decision.
 - The designee will ensure the documentation of the appeal demographic information in UNITY is completed in the "Investigation Appeal" window (CFS 026).
 - The designee who rendered the decision will send a letter to the individual whose finding has been overturned notifying them of the change in the Central Registry, the same notification will be sent via email to the investigating caseworker and their supervisor if a Central Registry check occurred prior to the appeal decision being rendered, another Central Registry check can be requested to reflect the current finding.

B. Overturning a Finding in UNITY due to a Judicial Appeal Decision

When a child welfare agency is notified that a finding has been overturned by a Judicial Review or a Fair Hearing, documentation of that decision and the rational for the decision should be submitted to the designee responsible for overturning the finding in UNITY and document that information in the Investigation Appeal window (CFS026). If at the same time the agency wishes to overturn their finding in response to a Judicial decision, it should be reflected as a Level 1 appeal in the Investigation Appeal Window (CFS026).

C. Overturning a Finding Due to a Data Entry Error

Child welfare agency staff may use the Overturning Child Maltreatment Finding Request Form as a way to communicate such requests to the designee assigned to overturn the finding for approval. The form will be kept in the UNITY forms system. Overturning a finding due to data entry error is done in the Change the Finding window (CFS051).

516.5.2 Exceptions:

Overturning a Finding in the Legacy System: For all cases where findings were made prior to 2002, the DCFS helpdesk will need to assist in order to overturn the finding. The child welfare agencies do not have access to this system. For these types of cases, the child welfare agencies shall submit the Overturning Child Maltreatment Finding Request Form to the DCFS Helpdesk, where the change in finding can be made.
