

**Rebekah- October 2001
Nathanael- November 2002**

These siblings are very close and need to stay together! Rebekah enjoys dancing and cheerleading and going bowling. She loves going to the LDS church and wants to go to summer church camp. She can be quiet until you get to know her. She really enjoys spending time with her older foster sister. Nathanael is friendly and happy and affectionate. He likes to play sports but needs lots of encouragement and compliments in order to feel successful at it. He loves to help out, even doing chores spontaneously and keeps a tidy bedroom. Both kids love house pets, especially dogs and cats.

Nathanael will need a family that advocates for his educational needs, as he struggles in school. His new family will also need to continue his therapy services. He responds well to redirection and likes to please his foster parents. Rebekah does well in school. She needs a family that will be patient with her when she becomes frustrated. She responds positively when given assistance and attention.

This sibling group must be adopted together. They would do well as the only children in the home or with older children who would be positive role models for them. The children would like to remain in contact with their cousins, who live in Susanville, CA.
