Janice Wolfe asked how November 12th, 2024; February 4th, 2025; and May 6th, 2025, all at 1:00 PM, looked to the committee.

Jane Saint moved those dates be approved. Salli Kerr approved. Approved unanimously.

6. For Possible Action: Future Agenda Items – Janice Wolfe, Spokesperson

Dylan Nall stated for the record we are submitting our three-year assessment to the Children's Bureau on or before June 7th and she is anticipating either corrections and or what they want to see from us in the future. This will be an item either at the August 2024 or the November 2024 meeting. The Bureau gives its feedback sometime in July. We have our annual report that is due and then we had our three year submission and so with our annual report, she would normally present that in the October meeting of the Task Force. But with the three-year assessment, she wanted to present it to the evaluation subcommittee specifically, especially since they had a big part in it.

Dylan said we need to talk about next year's notice of funding. She would like to get that in the August meeting, then it's done, and we can finalize it in November, and we can give it to our Fiscal people in December.

Salli Kerr said she would also be interested in looking at the year-end reports from our grantees, and asked if this will be the first time that we've gotten the four quarterly reports on the new form. Dylan confirmed that. Dylan then asked how people feel about having the grantees, either at the August meeting or with the Task Force in July or October, talk about what they like and dislike about the forms.

Desiree Mattice thought that would be a great idea because it would give us an opportunity to really review whether or not we want to make any alterations before we submit that in December. Plus, it would also give us more of an understanding of the things that they potentially are needing, even if that's more descriptions, more definitions. and how detailed we actually need it or don't need it to be within certain sections. She asked further if there is there a way we could split it up if we believe that we are going to have a long conversation with them and potentially put it to where we can have a couple within one smaller group, another in another smaller group. Then with the totality of receiving that information, it gives us an opportunity to discuss.

Janic Wolfe said she was thinking about the agenda becoming unmanageable, because we have an hour basically allotted for these subcommittee meetings and wanted to make sure we're not putting ourselves in a position where we can't accomplish what we need to accomplish in the allotted time.

Salli Kerr suggested having the grantees come to the larger meeting where they've already speaking, and we could encourage them to talk about how that form has been to work with and if they think it meets their needs and if they have found difficulty. We already have with them anyway in that larger group meeting and just incorporate some of that feedback about the form itself into the reporting that we asked them to.

Desiree Mattice said one thing that might be a benefit is if we have people who are doing the reports and providing us the updates that we put it out in the agenda when we're doing the invites to encourage the person who completed the NOFO to also attend.

Dylan Nall gave a quick summary of how this will be handled. In the July meeting of the Task Force we will have the grantees give feedback on their forms and then whatever happens in July, we're going to fix it in August.

Both Jane Saint and Salli Kerr expressed the wish that grantees report back about trainings and conferences that they attend with our funds.

Dylan Nall then gave a quick review re agenda items which would need to be approved: for our August 2024 meeting, we're going to look at our new grantee template and update anything that was discussed at the July 2024 CJA meeting; look at the NOFO to prepare and figure out what changes we want for the upcoming year; also, that grantees, if they're going to a conference or training, they need to come and present at one of our four quarterly meetings and then lastly discuss any three year assessment feedback from the Feds.

Desiree Mattice moved to approve. Jane Saint seconded. Approve unanimously.

7. Final Public Comment: (Discussion only: Action may not be taken on any matter brought up under this agenda item until scheduled on an agenda for action at a later meeting) To provide public comment, please unmute your microphone before speaking, or you can call into the meeting by using number 775-321-6111, with passcode number 92996580 – Janice Wolfe, Spokesperson

Notice of Funding Opportunity

Children's Justice Act

Federal Fiscal Year 2023 Award for State Fiscal Year 2025

NOTE: This document is available online at <http://dcfs.nv.gov/Programs/GMU/GMU/>

Opportunity Summary

Summary

The Children's Justice Act (CJA) provides grants to States to improve the investigation, prosecution, and judicial handling of cases of child abuse and neglect, particularly child sexual abuse and exploitation, in a manner that limits additional trauma to the child victim. CJA grantees are responsible for implementing the requirements of the CJA grant program to reform state processes for responding to child abuse and neglect.

This Notice of Funding Opportunity (NOFO) is for competitive applications to be funded through the CJA Federal Fiscal Year 2023 award for State Fiscal Year (SFY) 2025. This NOFO implements a funding process that combines application review with grant allocation and is administered by the Division of Child and Family Services (DCFS) and the Division's internal Grants Management Unit (GMU). Applications will be reviewed and awarded by the CJA Task Force.

Total Funding Amount: \$100,000.00: Funding will be distributed to support one or multiple projects which further the goals of the CJA. **The CJA Task Force has discretion to restrict amounts awarded based on available funds and the number of applications received. There is no guarantee that any application will be approved or receive funding.**

The CJA Task Force has identified specific goals for the triennial reporting period of 2021-2024. These goals were refined and revised with technical assistance and approval from the Children's Bureau. Review of progress on these goals are reviewed at quarterly meetings and projects funded by CJA should further these goals.

Goal 1: Provide child protection workers and stakeholders "front end" specialty, discipline specific and advanced training. Training should be prioritized, but not limited to, training requirements of CARA and JVTA Program Improvement Plans, child protection model assessments, ICWA, sexual abuse, domestic violence, forensic interviewing, trauma-informed practices, substance use and co-occurring mental health disorders and training needs identified in collaboration with Court Improvement Program. (ABC)

Goal 2: Support the implementation of the Commercially Sexually Exploited Child (CSEC) Model Coordinated Response Protocol and provide training and support for the formation of Multidisciplinary Teams (MDT) and Task Forces. (ABC)

Goal 3: Support the establishment of new Children's Advocacy Centers (CACs) or other multidisciplinary team approaches and improve the capacity of existing CACs to provide a multidisciplinary response for victims of child sex abuse and exploitation, physical abuse, and child victims with disabilities. Activities may include the development of a strategic action plan for project implementation, identification of rural health care providers, investigation of funding opportunities for infrastructure and operating costs, and the use of telehealth and telemedicine statewide. (AB)

Goal 4: Fund technology requests to improve the investigation, assessment and prosecution of child abuse and neglect through use of latest technology and to support use of new and existing training technologies. (AB)

Goal 5: Identify new or needed changes to policy, regulation and/or legislation to meet requirements of federal program improvements plans and other federal and state initiatives. Support training and policy needs related to new or revised policy, regulation, and legislation. (C)

Key: Required categories for use of CJA funds:

*A= Investigative, administrative, and judicial handling of cases of child abuse and neglect.
B= Experimental, model and demonstration programs for testing innovative approaches.
C= Reform of state laws, ordinances, regulations, protocols, and procedures.*

Funding Guidelines

Examples of Types of Activities Supported by CJA Grant Funds Include:

- Regional collaborations to enhance capacity and resource sharing;
- Regional and local multidisciplinary trainings;
- Development of resources, tools or technical assistance to address a specific regional or community need that will improve the investigation and/or prosecution of child abuse and neglect cases.

Activities Supported Will Result In:

- Enhanced community stakeholder collaborations around proactive planning and resource development to meet the needs of child victims and their supportive caregivers;
- Improved investigations and prosecutions of cases of child abuse and neglect;
- Trauma-informed systems;
- Improved community-wide, coordinated, planned response to cases of child abuse and neglect.

Please Note:

CJA funds are to be primarily focused on the front-end, intake, assessment, investigative, and prosecutorial phases of child welfare. CJA Funds must not be used for prevention programs or treatment services. Projects selected by the Task Force should be mindful that funds must be spent to support efforts at the intake and investigative phase of child welfare.

Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. The Task Force reserves the right to consider a preference to fund projects aimed at serving emerging, unserved, or underserved populations, and to consider the geographic distributions of CJA funds or distinctive project elements in its funding decisions. CJA grants are not intended to be used as a source of ongoing, continuous funding. **Funding will not be made available for the ordinary, routine operation of any organization or programs.** Applications will be scored, ranked by score, funded in whole or in part, based on scoring of applications until funds are exhausted.

Program Requirements

Applicant Eligibility

This NOFO is open to any Nevada state or local public agency, non-profit organization, educational or faith-based organizations to support programs and projects within the state to improve:

1. The assessment and investigation of suspected child abuse and neglect cases, including cases of suspected child sexual abuse and exploitation, in a manner that limits additional trauma to the child and the child's family;
2. The assessment and investigation of cases of suspected child abuse-related fatalities and suspected child neglect-related fatalities;
3. The investigation and prosecution of cases of child abuse and neglect, including child sexual abuse and exploitation; and
4. The assessment and investigation of cases involving children with disabilities or serious health-related problems who are suspected victims of child abuse or neglect.

Award Time Line

Event	Date/Time
Grant opportunity announced	January 08, 2024
Deadline for submission	February 16, 2024
Evaluation period (approximate time frame)	March 2024 – April 2024
Announcement of awards	June 2024
Program start date	July 1, 2024
Program end date	June 30, 2025

Application Review

The CJA Task Force will review and evaluate each application, see Appendix C: Scoring Matrix. The evaluation of applications received in response to this NOFO will be conducted comprehensively, fairly and impartially. The CJA Task Force will use structural, quantitative scoring techniques to maximize the objectivity of the evaluation. The review process will consist of a technical review of the applicant's information including the project and the budget (justification, cost effectiveness, project sustainability).

Evaluation Process

Applications received by the published deadline of **5:00 pm on February 16, 2024** will be processed as follows:

STEP 1: Application Review Panel

- A. Each application will be evaluated for content and scored by the CJA Task Force NOFO Subcommittee Members and final recommendations will be approved by the CJA Task Force.
- B. As part of the review process, staff will identify strengths and weaknesses and may recommend, as a condition of funding the project, that
 - Specific revisions are made to the budget or Scope of Work, or
 - Special conditions are placed on the award (e.g., certain fiscal controls, more stringent performance requirements, or more frequent reviews).
- C. The review panel will identify specific line-item areas for revision if funding limitations result in a reduction of an overall proposed budget. In the event budget reductions are necessary, an equitable formula based on application ranking and scores will be developed and applied in an impartial manner.
- D. The CJA Task Force will submit review panel recommendations to the Administrator of DCFS or designee for final approval.

STEP 2: Final Decisions

Final funding decisions will be made by the DCFS Administrator or designee based on the following factors:

- Review panel scores;
- Geographic distribution of the proposed grant awards;
- Conflicts or redundancy with other funded programs, or potential for supplanting existing funds.

Funding decisions made by the DCFS Administrator or designee are final. There is no appeals process.

Notification and Award Process

Successful applicants will be notified of their application status with a Letter of Intent after funding decisions have been made in June 2024.

GMU staff will conduct negotiations with applicants regarding the recommendation for funding to address any specific issues identified by the CJA Task Force. All related issues must be resolved before a grant will be awarded. These issues may include, but are not limited to:

- Revisions to the project budget;
- Revisions to the Scope of Work; and/or
- Enactment of Special Conditions (e.g., fiscal controls, performance requirements or frequency of reviews).

Upon successful conclusion of negotiations, GMU staff will complete a written grant agreement in the form of a Notice of Subaward (NOSA). The NOSA documents and Grant Instructions and Requirements (GIRs) will be distributed to the subrecipient upon approval of the subaward, see Appendix D: Notice of Subaward.

Post Award Requirements

Monthly Financial Status and Request for Funds Report

DCFS requires the use of a standardized Excel spreadsheet reimbursement request form that self-populates certain financial information. This form must be used for all reimbursement requests. Monthly reports are required even if no reimbursement is requested for a month. The monthly reports are due on the 15th of the month for the previous month. GMU staff will provide instructions and technical assistance upon the grant award.

Per Code of Federal Regulations [2 C.F.R. § 200.430](#), charges made to Federal awards for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization.

Subrecipient Monitoring

Successful applicants must participate in subrecipient monitoring. Subrecipient monitoring is intended to provide ongoing technical support to subrecipients and to gather information reportable by DCFS to federal or state agencies. To facilitate the review process, materials referred to in the review documents should be gathered prior to the review. The subrecipient's primary contact person and appropriate staff should make themselves available to answer questions and assist the reviewer(s) throughout the process. For non-governmental agencies, at least one board member must also be available during the exit discussion. The subrecipient monitoring reports or action items to be addressed will be sent to the agency within 30 working days following the conclusion of the subrecipient monitoring.

Performance Reports

Subrecipients must complete performance reports on a quarterly basis according to the calendar of the CJA Task Force. The subrecipient may choose to provide the same updates to DCFS GMU and the CJA Coordinator to avoid duplication. CJA Task Force meetings are typically in January, April, July & October with updates due to the CJA Coordinator no later than three weeks prior to the meeting. Subrecipients will be provided a document to complete by the CJA Coordinator. It is highly recommended that each subrecipient have participation at the CJA Task Force meetings to provide updates verbally and to answer any questions the Task Force may have.

The Children's Justice Task Force is required to report out to the Children's Bureau, annually. It is expected that grantees provide information to include outputs, evaluations and outcomes to the CJA coordinator. For example, if the desired project includes a training, the grantee will need to provide the pre and posttest results of the training, an evaluation of the training and/or trainer and the impact this training will have on future and current practice. Also, if possible, any other data information regarding this training is always welcome and helpful.

Compliance with Changes to Federal and State Laws

As federal and state laws change and affect either the DCFS GMU process or the requirements of subrecipients, successful applicants will be required to respond to and adhere to all new regulations and requirements.

Civil Rights Compliance

Recipients of federal financial assistance (FFA) from HHS must administer their programs in compliance with federal civil rights law. This means that recipients of HHS funds must ensure equal access to their programs without regard to a person's race, color, national origin, disability, age and, in some circumstances, sex and religion. This includes ensuring your programs are accessible to persons with limited English proficiency.

Application Instructions and Scoring

Application Instructions

An application packet, which includes this application and the required data sources, is available for download at <http://dcfs.nv.gov/Programs/GMU/GMU/>

Late and/or incomplete applications will not be scored or considered for funding. The total possible score for the entire application is 100.

Overview of Assurances and Certifications

By signing the Application Form of the Division of Child and Family Services, the applicant certifies:

1. The project described in this application meets all the CJA program requirements.
2. All information contained in the application is current and correct;
3. The applicant will gain an understanding and comply with all provisions of the governing legislation and all other applicable federal and state laws, current or future rules, and regulations; and
4. The applicant understands and agrees that any award received as a result of this application is subject to the grant conditions set forth in the Notice of Subaward and Assurances and Certifications.

Submission Instructions

- **The grant application deadline is 5:00 pm on Friday February 16, 2024.**
- Signed application must be submitted online by emailing all required documents and attachments in a single email to dcfsgrants@dcfs.nv.gov. In the subject line of the email place the NOFO title, “CJA Program NOFO Response from [name of applicant].”
If a single email is too large to be accepted for transmittal or delivery by an email system used in the transmittal, more than one email may be sent by indicating in the email subject line that the application has been emailed in parts (e.g., “Part 1 of 3”).
- Once the application is submitted, no corrections or adjustments may be made prior to the negotiation period.
- The GMU will reply to emails to acknowledge the receipt of applications. If an email is not received within 1 business days of submitting the application, please contact Shawna Halverson at shalverson@dcfs.nv.gov or 775-684-4426.

Application Checklist

Complete this checklist prior to submission. The application checklist is for the benefit of applicants and does not have to be included in the submission packet.

APPENDIX A: BUDGET NARRATIVE INSTRUCTIONS

Budget Narrative Instructions

All applications must include a detailed project budget for the one-year funding cycle. The budget needs to accurately represent the funds necessary to carry out the proposed Scope of Work and to achieve the projected outcomes for the award funding period.

Note: If the proposed project does not receive the full amount requested, the GMU will work with the applicant to modify the budget, the Scope of Work and the projected outcomes.

Applicants **must** use the budget template form (Excel file) provided for downloading in the Budget Section of the online application and use the budget definitions provided in the “Categorized Budgets” section below to complete the narrative budget (spreadsheet tab labeled Budget Narrative). Complete a detailed budget for each line item. This spreadsheet contains formulas to automatically calculate totals and links to the budget summary spreadsheet (tab labeled Budget Summary) to automatically complete budget totals in Column B. **Do not override formulas.**

For all budget categories, provide total amount requested, item details, and line item justification.

Personnel:

Charges made for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization. See [2 C.F.R. § 200.430](#).

Identify employees who provide direct services. The following criterion is useful in distinguishing employees from contract staff.

CONTRACTOR	EMPLOYEE
Delivers product	The applicant organization is responsible for product
Furnishes tools and/or equipment	The applicant organization furnishes work space & tools
Determines means and methods	The applicant organization determines means and methods

In the narrative section, list each position and employee name, if known. Provide a breakdown of the wages or salary and the fringe benefit rate (e.g., health insurance, FICA, worker's compensation). For example:

Program Director: $(\$28/\text{hour} \times 2,080/\text{year} + 22\% \text{ fringe}) \times 25\% \text{ of time} = \$17,763$

Intake Specialist: $(\$20/\text{hour} \times 40 \text{ hours/week} + 15\% \text{ fringe}) \times 52 \text{ weeks} = \$47,840$

Only those staff whose time can be traced directly back to the grant project should be included in this budget category, including those who spend only part of their time on grant activities.

Administrative/Executive Staff salaries that are not readily assignable to a particular project are not allowed.

Travel/Training: Travel costs must provide direct benefit to this project. Identify staff that will travel, the purpose, frequency, and projected costs. U.S. General Services Administration (GSA) rates for per Diem and lodging, and the state rate for mileage (currently \$.58), should be used **unless** the organization's policies specify lower rates for these expenses. Local travel (i.e., within the program's service area) should be listed separately from out-of-area travel. Out-of-state travel and nonstandard fares/rates require special justification. GSA rates can be found online at <https://www.gsa.gov/portal/category/26429>.

Identify and justify any training costs specifically associated with the project, including type of training, location, # of staff attending, benefit to subrecipient and Scope of Work implementation.

Operating: For agencies with multiple funding sources, costs must be consistently allocated as described in the organization's cost allocation plan.

Occupancy: Detail costs associated with maintaining a facility including rent, utilities, basic maintenance, etc. Mortgage, construction, remodeling, and repairs to current structures are not allowed.

Communications: List the costs of telephones, fax, postage, etc.

Supplies: Describe the cost of all consumable items needed for the project such as office supplies, client supplies, etc. Generally, supplies do not need to be priced individually, but a list of typical program supplies is necessary.

Other operating costs: This could include insurance, dues, subscriptions, program costs, and costs not covered in the other categories. Only consumer/service delivery activities are reimbursable.

Equipment:

List and justify equipment to be purchased for this grant project (all non-consumable items). Equipment under \$5,000 should be included under Operating Costs, Supplies. All equipment costing \$5,000 and over must be listed separately and itemized. List any computer hardware to be purchased regardless of the cost. Equipment purchased for this project must be labeled, inventoried, and tracked and remains the property of the Division of Child and Family Services (DCFS). Equipment that does not directly facilitate the purpose of the project, as an integral component, is not allowed.

Contractual/Consultant Services:

Identify project workers who are not employees of the applicant organization. Any costs associated with these workers, such as travel or per diem, should also be identified in this budget category. Explain the need and/or purpose for the contractual/consultant service and justify these costs. Describe each consultant's scope of work, list rate, hours, and cost. DCFS approval is required prior to the use of subcontractors. Written sub-agreements must be maintained and the applicant is responsible for administering sub-agreements in accordance with all requirements identified for grants administered under CJA. A copy of written agreements must be provided to GMU.

Other Expenses:

This category includes any relevant expenditure associated with the project not covered by the above. Wraparound funds are allowable for such items as rental assistance, transportation, utilities, children's clothing, etc. Programs requesting these funds must adhere to the following

requirements: 1) Maximum per family per year = \$2,000; 2) Subgrantees must document that there was an attempt to access all other possible resources prior to use of wraparound funds; 3) Detailed documentation of where these funds were used is required.

Indirect Costs:

Indirect costs may be included in the budget and represent the expenses of doing business that are not readily identified with or allocable to a specific grant, contract, project function or activity, but are necessary for the general operation of the organization and the conduct of activities it performs. Indirect costs include but are not limited to: depreciation and use allowances, facility operation and maintenance, memberships, and general administrative expenses such as management/administration, accounting, payroll, legal and data processing expenses that cannot be traced directly back to the grant project.

Subrecipients without a negotiated indirect rate with their cognizant federal agency may use a 10% *de minimis* rate of "modified total direct costs" (MTDC). The *de minimis* rate is only an option for subrecipients that have **never** received an approved federally-negotiated indirect cost rate. The MTDC base includes all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards up to the first \$25,000 of each subaward. MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. [2 C.F.R. § 200.68](#)

When the *de minimis* rate is used, costs must be consistently charged as either indirect or direct costs. Double-charging is not permitted. Transferring funds into or out of the indirect cost category is not allowable without prior approval and a budget modification is required.

Subrecipients that have a current federally-approved indirect cost rate with their federal cognizant agency for indirect costs may include the negotiated percentage rate in their budgets. A copy of the negotiated indirect agreement must be attached to the application.

Budget Summary Form 2

After completing Budget Narrative Form 1, turn to Budget Summary Form 2. Column B of Form 2 ("DCFS") should automatically update with the category totals from Budget Narrative Form 1. Column B should reflect only the amount requested in this application.

Complete Columns C through G of the form for all other funding sources that are either secured or pending for this project (not for the organization as a whole). Use a separate column for each separate source, including in-kind, volunteer, or cash donations. Replace the words "Other Funding" in the cell(s) in Row 6 with the name of the funding source. Enter either "Secured" or "Pending" in the cell(s) in Row 7. If the funding is pending, note the estimated date of the funding decision in Section B below the table, along with any other explanation deemed important to include.

Enter the "Total Agency Budget" in Cell I-26 labeled for this purpose. **This should include all funding available to the agency for all projects including the proposed project.** Cell I-27 directly below, labeled "Percent of Total Budget," will automatically calculate the percentage that the funding requested from the DCFS for the proposed project will represent.
