Purpose of CJA Subcommittee

For Information:

To Review and discuss the Subcommittee Purpose

Purpose of CJA Subcommittee

- Discussion Only: Action may not be taken on any matter brought up under this agenda item until scheduled on an agenda for action at a later meeting.
- **Total Funding Amount: \$100,000.00:** Funding will be distributed to support one or multiple projects which further the goals of the CJA. **The CJA Task Force has discretion to restrict amounts awarded based on available funds and the number of applications received. There is no guarantee that any application will be approved or receive funding.**

Goals of the CJA Task Force

Goal 1: Provide child protection workers and stakeholders “front end” specialty, discipline specific and advanced training. Training should be prioritized, but not limited to, training requirements of CARA and JVTA Program Improvement Plans, child protection model assessments, ICWA, sexual abuse, domestic violence, forensic interviewing, trauma-informed practices, substance use and co-occurring mental health disorders and training needs identified in collaboration with Court Improvement Program. (ABC)

Goal 2: Support the implementation of the Commercially Sexually Exploited Child (CSEC) Model Coordinated Response Protocol and provide training and support for the formation of Multidisciplinary Teams (MDT) and Task Forces. (ABC)

Goal 3: Support the establishment of new Children’s Advocacy Centers (CACs) or other multidisciplinary team approaches and improve the capacity of existing CACs to provide a multidisciplinary response for victims of child sex abuse and exploitation, physical abuse, and child victims with disabilities. Activities may include the development of a strategic action plan for project implementation, identification of rural health care providers, investigation of funding opportunities for infrastructure and operating costs, and the use of telehealth and telemedicine statewide. (AB)

Goal 4: Fund technology requests to improve the investigation, assessment and prosecution of child abuse and neglect through use of latest technology and to support use of new and existing training technologies. (AB)

Goal 5: Identify new or needed changes to policy, regulation and/or legislation to meet requirements of federal program improvements plans and other federal and state initiatives. Support training and policy needs related to new or revised policy, regulation, and legislation. (C)

Nominations for Spokesperson

For Possible Action:

Consideration of nominees, discussion and possible action to appoint a subcommittee member the spokesperson. This spokesperson will present these findings with the full body CJA Members.

Review NOFO Applications

- Discussion Only: Action may not be taken on any matter brought up under this agenda item until scheduled on an agenda for action at a later meeting.

Great Basin Children's Advocacy Center

- The GBCAC serves a diverse population in rural Nevada spanning four counties. They propose to develop and provide a compassionate, trauma informed response training to refocus and bring together a well-functioning, compassionate team of new and existing MD Team members. Training supplies and the purchase, production, and printing of culturally sensitive resource and educational materials will enhance culturally appropriate, topic specific resources. This will facilitate a reduction in trauma experienced by children and their caregivers.
- Goals 1 & 3

Washoe County Health and Human Services

- WCHSA seeks to provide a range of discipline specific, advanced trainings for CAC and assessment staff throughout the year in order to enhance services and stay current on emerging trends and best practices. Training includes two out of the area national-level conferences, and a training in Reno with a national-level trainer. They propose to equip CAC and assessment staff with enhanced technology that includes five laptop computers and six external CD/DVD players. This will increase data efficiency and generally assist in providing more effective and proactive planning to improve abuse and neglect assessments and investigations.
- Goals 1, 3 & 4

Clark County Department of Family Services

- CCDFS is in its final stages of refurbishing the SNCAC to provide a safe place for children of abuse to disclose their trauma. Child appropriate furniture and supplies will be purchased as well as furnishing the MDT conference room where community partners convene. They will contract with the National Children's Alliance Center to provide specialty training of two staff members in the therapeutic techniques of art. They propose to virtually train up to ninety SNCAC and Community Partner staff in forensic interviewing through three training sessions at four-month intervals before June 30, 2023.
- **Goals 1 & 3**

Nevada Coalition to End Domestic and Sexual Violence

- NCEDSV provides essential training for child welfare workers that incorporates best practices involving front-end, intake, risk assessment processes, safety protocols, and protective factors associated with domestic violence and child abuse. They propose to provide advanced level training to child welfare workers to improve child welfare service delivery as well as improving the lives of children and families. They will facilitate a presentation in quarter one followed by a four-part training in quarters one through three, with a Q&A session in quarter four.
- Goal 1
