

CCDFS has the following prior CPS history for this child or member of the child's family or household:

7/26/2021 – A report was received alleging neglect. Upon conclusion of the requisite investigation, the allegation was found substantiated. CCDFS worked with the out-of-state DCFS jurisdiction where the family had an open case. The relevant family member who was the subject of the report was transported back to that jurisdiction and the CCDFS case closed.

7/8/2022 – A report was received alleging neglect. CCDFS responded to the reported address and upon appropriate inquiry, information was received that the family did not reside at the address. CCDFS conducted diligent search efforts to locate the family, including accessing relevant human services databases. Telephone contact with the family was achieved, however, persistent efforts to make in-person contact with them at their home was unsuccessful as the family was uncooperative. During the course of the open case, a second referral was received on 7/26/2022, and was coded "Additional Information". Based upon information gathered, there was insufficient information to support that the relevant family member who was the subject of the report was unsafe, and the case was coded as Unable to Locate and closed.

12/16/2022 – A report was received alleging neglect. Multiple attempts to make contact with the family at the reported apartment complex address and via telephone were unsuccessful. CCDFS also conducted diligent search efforts to locate additional contact information, including accessing relevant human services databases. CCDFS contacted law enforcement to conduct a welfare check, however, the family was not responsive. During the course of attempting to make contact with the family, information was received from the complex property management that the family was being evicted. At the conclusion of the case, the family's whereabouts was unknown, and the case was coded as Unable to Locate and closed.
