Child welfare agencies in Nevada believe families are the primary providers for children's needs. The safety and well-being of children is dependent upon the safety and well-being of all family members. Children, youth and families are best served when staff actively listens to them and invite participation in decision-making. We support full implementation of family centered practice by engaging families in child and family teams and offering individualized services to build upon strengths and meet the identified needs of the family.

Note: We are pleased to make reasonable accommodations for members of the public who are disabled and wish to attend the meeting. If assistance or supporting materials are required, please notify staff by phone or by email no later than three working days prior to the meeting: **Bruce Cole 4126 Technology Way, Carson City, NV 89706 775-684-7941 BCOLE@dcfs.nv.gov**
