## I. SUMMARY

The Division of Child and Family Services (DCFS) classifies all juvenile justice information as confidential and may only be released in accordance with the provisions of NRS 62H.025 or as expressly authorized by other federal or state law.

## II. PURPOSE

To outline the process for confidentiality and release of information for youth under state supervision.

## III. DEFINITIONS

A. 42 CFR Part 2: The part of the Code of Federal Regulations under the Public Health chapter which deals with the confidentiality of alcohol and drug abuse patient records. Specialists, organizations, or units of organizations who provide substance abuse diagnosis, treatment, or referrals for treatment are usually covered by these regulations.

## Confidentiality and Release of Information

---

- B. Confidential/Privileged Information: Juvenile justice information subject to specific limitations on its disclosure. Such information must be specifically labeled, handled, and stored in such a way as to guard against accidental or unauthorized disclosure.
- C. Director of Juvenile Services: The county Chief Probation Officer, county director of juvenile services, or the county director of the department of juvenile justice services.
- D. Family Educational Rights and Privacy Act (FERPA): The federal Family Educational Rights and Privacy Act governs the access to and release of educational records by federally funded schools.
- E. Gender Identity: A person's internal sense of being male or female, regardless of their sex assigned at birth.

These regulations establish federal standards for the privacy and security of "protected health information" (PHI), including mental health information.
- H. Intersex: A person whose sexual or reproductive anatomy or chromosomal pattern does not fit typical definitions of male or female as determined by medical examination or review of medical records. Intersex medical conditions are sometimes referred to as disorders of sexual development. Note: this term is preferred by advocates and intersex people over the term disorders of sex development (DSD) because the term "disorder" is stigmatizing.
- I. Juvenile Justice Agency: Nevada Division of Child & Family Services, Juvenile Justice Services (DCFS/JJS) or a county director of juvenile services.
- J. Juvenile Justice Information: Any information directly related to a child in need of supervision, a delinquent child, or any other child who is otherwise subject to the jurisdiction of a juvenile court.

- M. ROI: Release of Information.
- N. Transgender: A person whose gender identity is different from the person's biological sex assigned at birth. *This may include non-binary youth who do not identify with any one gender.*
