Date of next meeting: tbd

Review and Discussion of:

- Draft Nevada compliance monitoring policy and procedure manual
- SB 356 youthful housing study
- SB 385 prevention study; couldn't find vendor so state did it
- SB 398 strategic plan FY24-28
- SB 8 DCFS report to Legislative Assembly Judiciary 2023
- OJJDP Juvenile Justice requirements & 2018 reauthorization
- 2021 & 2023 bill drafts

Recommendations for the Commission, for Possible Action:

1. Provide a stipend for JJOC Youth members. There has been difficulty recruiting and retaining youth members. A stipend may serve as an incentive and potential reimbursement for expenses associated with travel and time commitments.
2. Hire a consultant to organize the FY 2024-2028 Strategic Plan. SB 398 (2017) requires the JJOC Strategic Plan be updated (FY 2024-2028), approved by the JJOC and then submitted to the Legislature. While the Strategic Planning Committee worked with DCFS staff to create a report on the current status of goals established from the FY19-23 Strategic Plan, the development of an updated plan requires professional assistance. The State hired a consulting company to construct the original strategic plan.
