V DMC

- Review DMC Report/Assessment at next SAG Meeting.

VI Secure Facilities Data and Site Visits

- 108 secure juvenile and adult facilities in the state
  - 57 (52.8%) received an onsite visit
  - 96 (88.9%) reported data in the compliance year through the annual survey
- 7 adult correctional facilities
  - 3 (42.9%) received an onsite visit
  - 6 (58.7%) reported data in the compliance year through the annual survey
- 2 Federal Court Houses
  - 1 (50%) received an onsite visit
  - 2 (100%) reported data in the compliance year through the annual survey

VII Non-Secure Facilities Data and Site Visits

- 137 non-secure adult facilities in the state
  - 60 (41.0%) received an onsite visit
  - 74 (51.4%) reported data in the compliance year through the annual survey
- 8 adult conservation camps
  - 1 (12.5%) received an onsite visit
  - 1 (12.5%) reported data in the compliance year through the annual survey
- Constables
- 
- 35 Juvenile Residential Providers (Review for security of facility)
  - 8 closed in 2018
  - 7 discovered to be licensed by BHCQC
  - 11 reviewed
    - 2 classified as secure
    - 9 classified as non-secure
  - 10 need on site review

Going Forward: The JJDP Act Reauthorization has language that allows stats to remove the reporting and on-site spot checks of all non-secure facilities beginning in compliance year 2020. After this coming year, the following will be removed:

- Non-secure adult facilities in the state
- Adult conservation camps
- Constables not performing court/bailiff duties
- Non-secure juvenile residential providers
- Non-secure juvenile probation and youth parole offices
- Federal Court Houses

The Compliance Universe for Compliance Year 2020 and beyond will consist of:

- Secure juvenile and adult facilities in the state
- Adult correctional facilities
- Secure juvenile residential providers not licensed by BHCQC

The entire universe will decrease from roughly 290 to roughly 125.
