Nevada Children's Mental Health

**Division
Of
Child & Family Services**

The Division of Child and Family Services (DCFS) Children's Mental Health provides a comprehensive assessment of mental health services to children, adolescents and their families in Clark and Washoe Counties as well as wraparound case management to children in across the state. Behavioral health services in the two major urban areas are provided through:

- Northern Nevada Child and Adolescent Services (NNCAS)
- Southern Nevada Child and Adolescent Services (SNCAS)

Behavioral health services in the rural region are provided through Rural Mental Health Clinics of the Division of Mental Health and Developmental Services.

Services include: Behavioral Health/Psychiatric assessments, psychological evaluations, medication evaluation and monitoring, comprehensive treatment planning, individual, group, family therapies; targeted case management, child care and school consultation, group treatment homes, and Residential Treatment.

"No one has yet fully realized the wealth of sympathy, kindness and generosity hidden in the soul of a child. The effort of every true education should be to unlock that treasure."

- Emma Goldman, author

Wraparound in Nevada (WIN)

Wraparound in Nevada (WIN) for children and families provides intensive targeted case management services to children and,

- Provides families the opportunity to become equal participants in their case planning.
- Supports permanency goals for youth through reunification with their families, guardianship with relatives, adoption or successful emancipation.

**Community-Based Outpatient Services
Early Childhood Mental Health Services**

Provide services to children between birth and six years of age with emotional disturbance or high risk factors for emotional and behavioral disturbance and associated developmental delays.

**Outpatient Services of NNCAS and Children's
Clinical Services of SNCAS**

Provide community-based outpatient, individual and family oriented mental health services for children from six through seventeen years of age.

Desert Willow Treatment Center

DCFS operates Desert Willow Treatment Center, a licensed 58 bed psychiatric inpatient facility accredited by the Joint Commission, providing mental health services in a secure environment to children and adolescents with Serious Emotional Disturbances (SED).

Treatment Homes

Family Learning Homes and the Adolescent Treatment Center (ATC) at NNCAS and **Oasis On Campus Treatment Homes** at SNCAS provide intensive, highly structured treatment for children and adolescents six through seventeen years of age with SED.
